

DENIAL DUE TO INACTIVITY REPORT TO THE HEARING OFFICER

DATE ISSUED: July 25, 2024

HEARING DATE: August 6, 2024 AGENDA ITEM: 3

PROJECT NUMBER: R2014-00025

PERMIT NUMBER(S): VESTING TENTATIVE TRACT MAP NO. 072630 (RTM-TR072630), CONDITIONAL USE PERMIT NO. 201400001, and OAK TREE PERMIT NO. 201400002

SUPERVISORIAL DISTRICT: 5

PROJECT LOCATION: Halsey Canyon Road and Burlwood Drive, Castaic

OWNER: Mike Conley, Claremont Homes

APPLICANT: Imad Aboujawdah

CASE PLANNER: Phillip Smith, Senior Planner
psmith@planning.lacounty.gov

Item No. 3 is a request for the following entitlements:

- A Vesting Tentative Tract Map to create 46 single-family residential lots and one open space lot on 168.73 gross acres (“Project”) within the A-2-2 (Heavy Agricultural – Two Acre Minimum Required Lot Area) Zone pursuant to Los Angeles County (“County”) Code current Section 22.16.020 (Agricultural Zones) and Chapter 21.38 (Vesting Tentative Maps).
- A Conditional Use Permit (“CUP”) for project on-site grading and non-urban hillside management, as the Project would grade more than 100,000 cubic yards (“cy”) (1.2 million cy proposed) and the proposed number of dwelling units exceeds the low-density threshold of 13 units within a non-urban Hillside Management Area pursuant to what was then applicable Section 22.56.215 (Hillside Management and Significant Ecological Areas – Additional Regulations) of the County Code.
- An Oak Tree Permit (“OTP”) for the proposed removal of 16 oaks pursuant to current County Code Chapter 22.174 (Oak Tree Permits).

The Project is located in Castaic Canyon Zoned District Halsey Canyon Road and Burlwood Drive (“Project Site”). The Project Site would be accessible from a future private street connecting to Hasley Canyon Road to the north, and to Hidden Valley Court to the south.

RECOMMENDATION

The following recommendation is made prior to the public hearing and is subject to change based upon testimony and/or documentary evidence presented at the public hearing:

LA County Planning Staff (“Staff”) recommends DENIAL of this proposed Tentative Tract Map No. 072630, and all associated entitlements, based on the attached Findings (Exhibit A) contained within this report.

Staff recommends the following motion:

SUGGESTED MOTION:

I, THE HEARING OFFICER, DENY VESTING TENTATIVE TRACT MAP NO. 072630, CONDITIONAL USE PERMIT NO. 201400001, AND OAK TREE PERMIT NO. 201400002 SUBJECT TO THE ATTACHED FINDINGS.

BACKGROUND

The Project was initially filed on January 7, 2014. Since then, Staff has made attempts to inform the applicant of the information required to proceed with their application for the Project based on feedback given in County Subdivision Committee Reports and Meetings.

The last County Subdivision Committee Report for this Project is dated October 25, 2016 (Exhibit B) and the last Subdivision Committee was held on November 3, 2016. The report listed several deficiencies and comments to be corrected. This included:

- Revising the CUP burden of proof to include a request for a density-controlled development.
- Clearance by County Department of Public Works for parcels located in restricted use area (geological hazard area).
- Revise lot table to include gross and net acres.
- Indicate whether desilting basins maintained by a Homeowners’ Association will be located within easements.
- Indicate how off-site access roads will be maintained.
- Trail segments are indicated inconsistently on different sheets of the map
- Line work for map is inconsistent and there is no legend included.

On February 16, 2023, Staff sent a Notice of Inactive Submittal courtesy email informing the applicant that the case was inactive and subject to denial proceedings if not reactivated by April 17, 2023. The applicant responded stated that they wished to move forward with the application and were then advised that they would need to submit responsive documents by April 17, 2023, in order to keep the application active.

On March 18, 2024, Staff contacted the applicant via phone and informed them that the required materials had not been received and that Project would be scheduled for hearing should they not be submitted by April 18, 2024. No responsive materials or revised maps were received on or after deadline date.

On May 2, 2024, Staff sent a Public Meeting Notice: Denial Due to Inactivity Letter (Exhibit D) to the applicant stating that the case would be scheduled before a Hearing Officer for denial due to inactivity on August 6, 2024. Staff has not received a response, nor the requested information within the required timeframe, which was June 16, 2024, and as a result, is unable to process the application.

ANALYSIS

The vesting tentative map and related application information does not comply with County Code Section 21.40.040 (Information Required) and Section 21.40.110 (Matters Required to Complete Submittal and Filing). Therefore, staff recommends that **VESTING TENTATIVE TRACT MAP NO. 072630 (RTM-TR072630), CONDITIONAL USE PERMIT NO. 201400001, and OAK TREE PERMIT NO. 201400002** be denied pursuant to the attached findings.

**DRAFT FINDINGS AND ORDER OF THE HEARING OFFICER
COUNTY OF LOS ANGELES
PROJECT NO. 2014-00025-(5)
VESTING TENTATIVE TRACT MAP NO. 072630
ENVIRONMENTAL ASSESSMENT NO. 201400002**

1. **ENTITLEMENT(S) REQUESTED.** The applicant, Imad Aboujawdah, (“applicant”) is requesting a Vesting Tentative Tract Map to create 46 single-family residential lots and one open space lot on 168.73 gross acres (“Project”) within the A-2-2 (Heavy Agricultural – Two Acre Minimum Required Lot Area) Zone pursuant to Los Angeles County (“County”) Code Sections 22.16.020 (Agricultural Zones) and Chapter 21.38 (Vesting Tentative Maps).

RELATED ENTITLEMENT. Conditional Use Permit (“CUP”) No. 201400001 is a related request for grading and hillside management, as the project would grade more than 100,000 cubic yards (“cy”) (1.2 million cy proposed), because the majority of the project site (77 percent) is composed of slopes between 25 and 50 percent or greater, and because the proposed number of dwelling units exceeds the low-density threshold of 13 units within a Rural Hillside Management Area. This is pursuant to Los Angeles County Code Section 22.56.215 (Hillside Management and Significant Ecological Areas – Additional Regulations), which was in effect at the time the application was filed.

2. **RELATED ENTITLEMENT.** Oak Tree Permit (“OTP”) No. 201400002 is a related request for the proposed removal of 16 non-heritage oaks pursuant to current Los Angeles County Code Section 22.174 (Oak Tree Permits).
3. **MEETING DATE.** August 6, 2024
4. **PROCEEDINGS BEFORE THE HEARING OFFICER.** *Reserved.*
5. **LOCATION.** The Project Site is located at the intersection of Halsey Canyon Road and Burlwood Drive in the unincorporated community of Castaic within the Santa Clarita Valley Planning area (“Project Site”).
6. The Project was filed on January 7, 2014. Since the time the application was filed, LA County Planning Staff (“Staff”) has asked the applicant for additional materials needed to proceed with the Project. On the most recent County Subdivision Committee report dated October 25, 2016, staff requested the following revisions:
 - Revising the CUP burden of proof to include a request for a density- controlled development
 - Clearance by County Department of Public Works for parcels located in restricted use area (geological hazard area)
 - Revise lot table to include gross and net acres
 - Indicate whether desilting basins maintained by homeowners association (“HOA”) will be located within easements.
 - Indicate how off-site access roads will be maintained.
 - Trail segments are indicated inconsistently on different sheets of the map
 - Line work for map is inconsistent and there is no legend included.

7. On February 8, 2023, Staff sent a courtesy email to the applicant requesting additional materials. Staff has not received the requested information or materials to enable further project evaluation.
8. On March 18, 2024, Staff contacted the applicant via phone and informed them that required materials had not been received and that Project would be scheduled for hearing should they not be submitted by April 18, 2024. No responsive materials or revised maps were received on or after deadline date.
9. On May 2, 2024, Staff sent a Public Meeting Notice: Denial Due to Inactivity Letter informing the applicant that the case would be scheduled before a Hearing Officer for denial due to inactivity.
10. The letter dated May 2, 2024, directed the applicant to contact Staff within 30 days for the Project to remain active.
11. The applicant has not contacted Staff and has failed to submit the required materials within the required timeframe, which was by June 17, 2024.
12. If the Project is denied, enforcement action may be taken to ensure compliance with Title 22 (Planning and Zoning) of the County Code.
13. **ENVIRONMENTAL.** Staff has determined that pursuant to the California Public Resources Code Section 15270, the California Environmental Quality Act does not apply to projects which a public agency rejects or disapproves. Therefore, the project qualifies as a Statutory Exemption (Projects Which Are Disapproved) and is not subject to CEQA.
14. **LOCATION OF DOCUMENTS.** The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer's decision is based in this matter is at LA County Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Subdivisions Section, LA County Planning.

THEREFORE, THE HEARING OFFICER:

1. Finds that CEQA does not apply to projects which a public agency rejects or disapproves pursuant to California Public Resources Code section 15270 and therefore qualifies as a Statutory Exemption (Projects Which Are Disapproved) and not subject to CEQA; and
2. Denies **VESTING TENTATIVE TRACT MAP NO. 072630**, subject to the findings presented herein.

**DRAFT FINDINGS AND ORDER OF THE HEARING OFFICER
COUNTY OF LOS ANGELES
PROJECT NO. 2014-00024 –(5)
CONDITIONAL USE PERMIT NO. 201400001
OAK TREE PERMIT NO. 201400002
ENVIRONMENTAL ASSESSMENT NO. 201400002**

1. **ENTITLEMENT REQUESTED.** The applicant, Imad Aboujawdah, (“applicant”) requests a Conditional Use Permit (“CUP”) for grading and hillside management, as the project would grade more than 100,000 cubic yards (“cy”) (1.2 million cy proposed), because the majority of the project site (77 percent) is composed of slopes between 25 and 50 percent or greater, and because the proposed number of dwelling units exceeds the low-density threshold of 13 units within a Rural Hillside Management Area. This is pursuant to Los Angeles County Code Section 22.56.215 (Hillside Management and Significant Ecological Areas – Additional Regulations), which was in effect at the time the application was filed.
2. **ENTITLEMENT REQUESTED.** Oak Tree Permit No. 201400002 is a request to remove a total of 16 non-heritage oak trees pursuant to current County Code Chapter 22.174 (Oak Tree Permits).
3. **RELATED ENTITLEMENT.** Vesting Tentative Tract Map No. 072630 is a related request to create 46 single-family residential lots and one open space lot on 168.73 gross acres within the A-2-2 (Heavy Agricultural – Two Acre Minimum Lot Area) Zone pursuant to current County Code Section 22.16.020 (Agricultural Zones) and Chapter 21.38 (Vesting Tentative Maps).
4. **MEETING DATE.** August 6, 2024
5. **PROCEEDINGS BEFORE THE HEARING OFFICER.** *Reserved.*
6. **LOCATION.** The Project is located at the intersection of Halsey Canyon Road and Burlwood Drive in the unincorporated community of Castaic within the Santa Clarita Valley Planning area (“Project Site”).
7. The Project was filed on January 7, 2014. Since the time the application was filed, LA County Planning Staff (“Staff”) has asked the applicant for additional materials needed to proceed with the Project. On the most recent County Subdivision Committee report dated October 25, 2016, Staff requested the following revisions:
 - Revising the CUP burden of proof to include a request for a density- controlled development
 - Clearance by County Department of Public Works for parcels located in restricted use area (geological hazard area)
 - Revise lot table to include gross and net acres
 - Indicate whether desilting basins maintained by homeowner’s association will be located within easements.
 - Indicate how off-site access roads will be maintained.
 - Trail segments are indicated inconsistently on different sheets of the map
 - Line work for map is inconsistent and there is no legend included.

8. On February 16, 2023, Staff sent a courtesy email to the applicant requesting additional materials be submitted by April 17, 2023. Staff has not received the requested information or materials to enable further project evaluation.
9. On March 18, 2024, Staff contacted the applicant via phone and informed them that the required materials had not been received and that Project would be scheduled for hearing should they not be submitted by April 18, 2024. No responsive materials or revised maps were received on or after deadline date.
10. On May 2, 2024, Staff sent a Public Meeting Notice: Denial Due to Inactivity Letter informing the applicant that pursuant to Section 22.222.100 (Denial of Inactive Application) of the County Code, informing them that the case would be scheduled before a Hearing Officer for denial due to inactivity on August 6, 2024.
11. The letter dated May 2, 2024, also directed the applicant to contact Staff within 30 days for the Project to remain active.
12. The applicant has not contacted Staff and has failed to submit the required materials within the required timeframe, which was by June 16, 2024.
13. If the Project is denied, enforcement action may be taken to ensure compliance with the Title 22 (Planning and Zoning) of the County Code.
14. As the applicant did not provide all items required by current Section 22.222.070 (Application Filing and Withdrawal) or current Section 22.222.090 (Initial Application Review) of the County Code, the Director of LA County Planning (“Director”) deemed the application inactive pursuant to current Section 22.222.100 (Denial of Inactive Application) of the County Code.
15. When any application not listed in County Code Section 22.222.100.B (Denial by Director), the Hearing Officer may deny the application without a public hearing.
16. **ENVIRONMENTAL.** Staff has determined that pursuant to the California Public Resources Code Section 15270, the California Environmental Quality Act does not apply to projects which a public agency rejects or disapproves. Therefore, the project qualifies as a Statutory Exemption (Projects Which Are Disapproved) and is not subject to CEQA.
17. **LOCATION OF DOCUMENTS.** The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer’s decision is based in this matter is at LA County Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Subdivisions Section, LA County Planning.

THEREFORE, THE HEARING OFFICER:

1. Finds that CEQA does not apply to projects which a public agency rejects or disapproves pursuant to California Public Resources Code section 15270 and

therefore qualifies as a Statutory Exemption (Projects Which Are Disapproved) and not subject to CEQA;

2. Finds that the CUP and OTP were deemed inactive applications; and
3. Denies **CONDITIONAL USE PERMIT NO. 201400001 and OAK TREE PERMIT NO. 201400002** due to inactivity, subject to the findings presented herein.

REGIONAL PLANNING ADDITIONAL COMMENTS

Tentative Map:

1. The listed net area of Lot 37 is 77,440 square feet. The A-2-2 Zone requires a net lot area of at least 80,000 square feet. Either revise the map to increase the area of Lot 37 or revise the CUP application an burden of proof to include a request for density-controlled development.
2. Portions of lots 18-25 and 27-29 are within a restricted use area. This area was recorded on the site as a condition of Tract 34170 due to the potential for geological hazard. The Department of Public Works must clear this area for geologic hazards prior to map approval.
3. Revise Lot Table so that gross and net areas are both listed in acres.
4. The map indicates three desilting basins to be maintained by the HOA. Indicate whether they will be located within easements. It is strongly recommended that these basins be placed on separate lots.
5. Please indicate how off-site access roads are to be maintained.
6. Trail segments are indicated inconsistently throughout different sheets of the map and the Exhibit "A." Please rectify this.
7. The line work for the map is inconsistent. Please make sure that all line types, such as lot lines, are consistently shown, and include a legend. The private driveway and fire lane easement should be shown with a dashed line.

Exhibit "A" Maps:

1. All comments regarding the Tentative Map also apply to the Exhibit "A" Map.

Administrative:

1. Please provide an updated Oak Tree Report from a licensed arborist evaluating any oak trees proposed for encroachment or removal.

It is recommended that this tentative map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

1. Submit evidence of DRP’s concurrence that street frontage can be waived. If the request is not granted, the subdivider shall revise the tentative map to provide a private and future street (commensurate with public standards) to serve each lot.
2. As previously requested, an approved hydrology report is required. Please see attached Hydrology review sheet (Comments 1 and 3) for requirements. The hydrology report shall be submitted directly to Public Works.
3. Please see attached Hydrology review sheet (Comment 4) for additional comments and requirements.
4. A regional geologic map and a geotechnical report are required. Please see attached Geologic and Soils Engineering review sheet (Comments G1 through G23 and S1 through S5) for comments and requirements.
5. Please see attached Road review sheet (Comment 2) for requirements.
6. As previously requested, an approved sewer area study is required. Please see attached Sewer review sheet (Comment 1) for requirement. Please note that sewer area study PC 12300as is currently pending review.
7. Please see attached Sewer review sheet (Comment 2) for additional requirements.
8. A revised tentative map is required to show the following additional items:
 - a. Please provide signature of the civil engineer on the electronic copy.
 - b. As previously requested, please provide a proposed phasing map. If the applicant no longer requests to file multiple final maps, please remove the note from the Plan Notes.
 - c. As previously requested, label all easements as “to remain”, “to be relocated”, or “to be abandoned”. If easement is to be abandoned, indicate the proposed timing of the abandonment.

- d. Please see attached Hydrology review sheet (Comment 2) for requirements.
 - e. Please see attached Geology review sheet (Comments G14 and G24) for requirement.
 - f. Please see attached Grading review sheet (Comment 1) for requirements.
 - g. Please see attached Road review sheet (Comment 1) and checked prints for comments and requirements.
 - h. Please see attached Sewer review sheet (Comment 3) for requirements.
10. A revised Exhibit "A" is required to show the following additional items:
- a. Please provide signature of the civil engineer on the electronic copy.
 - b. If the applicant no longer requests to file multiple final maps, please remove the note from the Plan Notes.
 - c. Please label all easements as "to remain", "to be relocated", or "to be abandoned". If easement is to be abandoned, indicate the proposed timing of the abandonment.
 - d. Please see attached Road review sheet (Comment 1) and checked prints for comments and requirements.
 - e. Please see attached Sewer review sheet (Comment 3) for requirements.
11. As discussed at the 12/03/2015 SCM, provide a release from the previous engineer.

COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC WORKS
LAND DEVELOPMENT DIVISION
HYDROLOGY UNIT

TRACT MAP NO. 072630c

TENTATIVE MAP DATED 09/27/16
EXHIBIT MAP 09/27/16

Approval and clearance of the tentative map is subjected to compliance with the following **drainage** comments:

1. Prior to tentative map approval for drainage, submit a hydrology report showing the extent of drainage impacts and provide mitigation acceptable to the County. The analysis should address increases in runoff, any change in drainage patterns, debris producing areas, and the capacity of existing storm drain facilities. Provide line identification of all proposed drainage facilities. Preliminary soils and geology reports related to debris, retention, and detention basins may be required based on geographic and adverse geotechnical conditions. Provide engineering calculations to support sizing of debris, retention, and detention basins. Provide approximate flood hazard and bank erosion setbacks and lot identifications (as needed). Show slopes for existing and proposed streets. Provide a drainage/grading covenant for any offsite work.
 - Hydrology has not been approved. Comments were sent to the engineer on 9/26/16.
2. Prior to tentative map approved for drainage, submit a revised tentative map showing and calling out all debris desilting areas and desilting drainage devices. Identify whether publicly or privately maintained.
 - Debris Basin that is greater than 150 CY must be publicly maintained.
3. A water quality section of the Hydrology Report is required to comply with the LID requirements of Los Angeles County Code Section 12.84 (<http://library.municode.com/index.aspx?clientId=16274>).
4. Prior to tentative map approval for drainage, submit easement documents for all proposed offsite publicly maintained facilities.

TENTATIVE MAP FEASIBILITY IS NOT RECOMMENDED FOR APPROVAL. PRIOR TO RECOMMENDING APPROVAL OF THE TENTATIVE TRACT OR PARCEL MAP:

As previously requested:

- G1. Provide a regional geologic map of the site.
- G2. The geotechnical consultant shall review and reference Barrows, A. G., 1986, Landslide Hazards in the East-half of the Val Verde Quadrangle, Los Angeles County, California; CDMG OFR 86-9 LA. Depict the boundaries of the mapped CDMG landslides on the geologic maps.
- G3. The geotechnical consultant shall review and reference stereo aerial photographs of the area to look for evidence of ancient landslide geomorphology and revise their report and recommendations as necessary to incorporate their findings.
- G4. Provide a numerical designation for each landslide in order to differentiate and identify the features.
- G5. Provide subsurface exploration to define the geometries of the upper landslide shown on geologic cross section D-D'.
- G6. Review of CDMG Open-File Report 86-9 indicates that the upper landslide referenced in review comment G6 is connected to, and part of, the large landslide in which borings B-2 and B-3 are situated. Provide additional analysis, including review of referenced CDMG report, as well as additional exploration, stability calculations, etc., as warranted.
- G7. Review of CDMG Open-File Report 86-9 indicates the presence of a landslide underlying portions of lots 34 and 35. Provide subsurface exploration, demonstrate slide geometry and calculate stability. Provide mitigative design as warranted.
- G8. A mapped landslide located on lots 12 and 13 is showing crossing proposed lot boundaries. Per County policy, adjust lot lines so that the landslide and impacted areas not to cross lot boundaries or provide remediation of the landslide. The landslide hazard may not be subdivided.
- G9. The basal geometry of the landslide depicted on cross sections C-C' and J-J' is questionable. Compare and contrast with the geometry shown on cross section D-D', and utilizing the geologic findings from boring B-2 (PG). Revise the cross sections as necessary. Additional subsurface exploration may be required to determine the geometry of the landslide.
- G10. Depict the proposed final topography in the areas of all landslide removals, including but not limited to lots 22, 23, 27 and 28.
- G11. Clearly mark the boundaries of the mapped landslides on the geologic cross sections, including but not limited to cross sections G-G', H-H', J-J', L-L'.
- G12. According to the geologic map boring B-5 (GCGS) is located within the mapped slide area. However, the boring log does not indicate any slide material. Discuss and revise as necessary.
- G13. Cross section J-J' indicates a landslide in the vicinity of test pit TP-21, however the geologic maps depicts the material as Colluvium/ Pico Formation. Discuss the discrepancy between the geologic map and the cross section and revise as necessary.
- G14. Place all unmitigated landslides in Restricted Use Areas. Show Restricted Use Areas (RUAs) on the geotechnical map and Tentative Map. Note: The designation of RUAs for large open space areas that has not been explored is not recommended.

County of Los Angeles Department of Public Works
Geotechnical and Materials Engineering Division
GEOLOGIC AND SOILS ENGINEERING REVIEW SHEET (continued)

Tentative Tract / Parcel Map 72630

Remarks (continued):

- G15. The ranges of attitudes utilized in the slope stability analysis appear to be narrower than the values depicted on the geologic map. Therefore, the consultant shall provide justification for the values used and revise the analysis as necessary.
- G16. Based on the State of California Seismic Hazard Maps, the subject site is located in a mapped area with a potential for liquefaction and may be subject to secondary effects of seismic shaking. In accordance with California Public Resources Code §2697 and California Code of Regulations §3724, prior to the approval of a project in a seismic hazard zone, a geotechnical report defining and delineating any seismic hazard must be submitted for review and approval. The report must address the potential for liquefaction and ground failure, and must comply with the provisions of the *Manual for Preparation of Geotechnical Reports* and policy memo GS045.0 prepared by the County of Los Angeles Department of Public Works, (both available for download at: <http://dpw.lacounty.gov/gmed>), and the California Geological Survey's Special Publication 117A. Provide this office with a digital copy of the report for review and distribution to the State of California.
- G17. Test pit T-11 is erroneously depicted as TP-11 on cross section A-A'. Revise cross section as necessary.
- G18. Provide an explanation for the RUA shown on the Tentative Map in the northern portion of the proposed subdivision.
- G19. Evaluate debris flow potential for each building area located below a swale or steep natural slope. Provide mitigation recommendations as necessary. Show recommended mitigation on the geologic map. Note: Compacted fills in swales is not an acceptable mitigation measure for debris flow hazards.
- G20. Provide volume calculations of the anticipated debris material on the ascending slopes. If deflection walls are recommended as mitigation measure, establish a freeboard based on the volume calculations.
- G21. Provide a map that delineates the site in relation to State of California Seismic Hazard Zones.
- G22. Topography/Grading shown on the geotechnical map and tentative map/Exhibit "A" must conform.
- G23. Provide a geotechnical map with legible topographic contour values.
- G24. Provide a Tentative Map with topographic contour values.
- S1. Discuss how shear strengths were determined for each geologic unit modeled in slope stability analyses. References to specific test data should be included to substantiate the shear strengths used.
- S2. Discuss how the angles used in modeling anisotropic shear strengths were determined from the site geology.
- S3. Provide a table summarizing the results of stability analyses performed.
- S4. Provide stability analyses for the most critical temporary conditions that may occur during grading.
- S5. The Geotechnical and Materials Engineering Division is now accepting review submittals through a web application at the following URL: <https://dpw.lacounty.gov/apps/esubmissions/gme/default.aspx>. Please use this web portal to submit documents in response to this review.

NOTE: Provide a copy of this review sheet with your resubmittal.

NOTICE: Public safety, relative to geotechnical subsurface exploration, shall be provided in accordance with current codes for excavations, inclusive of the Los Angeles County Code, Chapter 11.48, and the State of California, Title 8, Construction Safety Orders.

TENTATIVE MAP DATED 09-27-16
EXHIBIT MAP DATED 09-27-16

It is recommended that this tentative map and exhibit map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

1. A revised tentative map and exhibit map is required. See comments as shown in the attached files (2016-10-19 TTR072630_RD checkprint.pdf) which can be found at the following ftp link:
<ftp://dpwftp.co.la.ca.us/pub/LDD/Road/TTR%2072630/>
2. As previously requested, provide proof that the subdivider has secured the necessary rights to construct the necessary off-site grading if additional slope and drainage easements are required to the satisfaction of Public Works. It shall be the sole responsibility of the subdivider to acquire the necessary easements prior to tentative map approval.

NOTE:
* ALL SWALES SHOULD HAVE A MINIMUM OF 5% SLOPE FOR SELF CLEANING VELOCITY
** APPLICANT HEREBY REQUESTS TO HAVE THE REQUIRED STREET FRONTAGE WAIVED FOR THE PRIVATE DRIVEWAY AND FIRE LANE

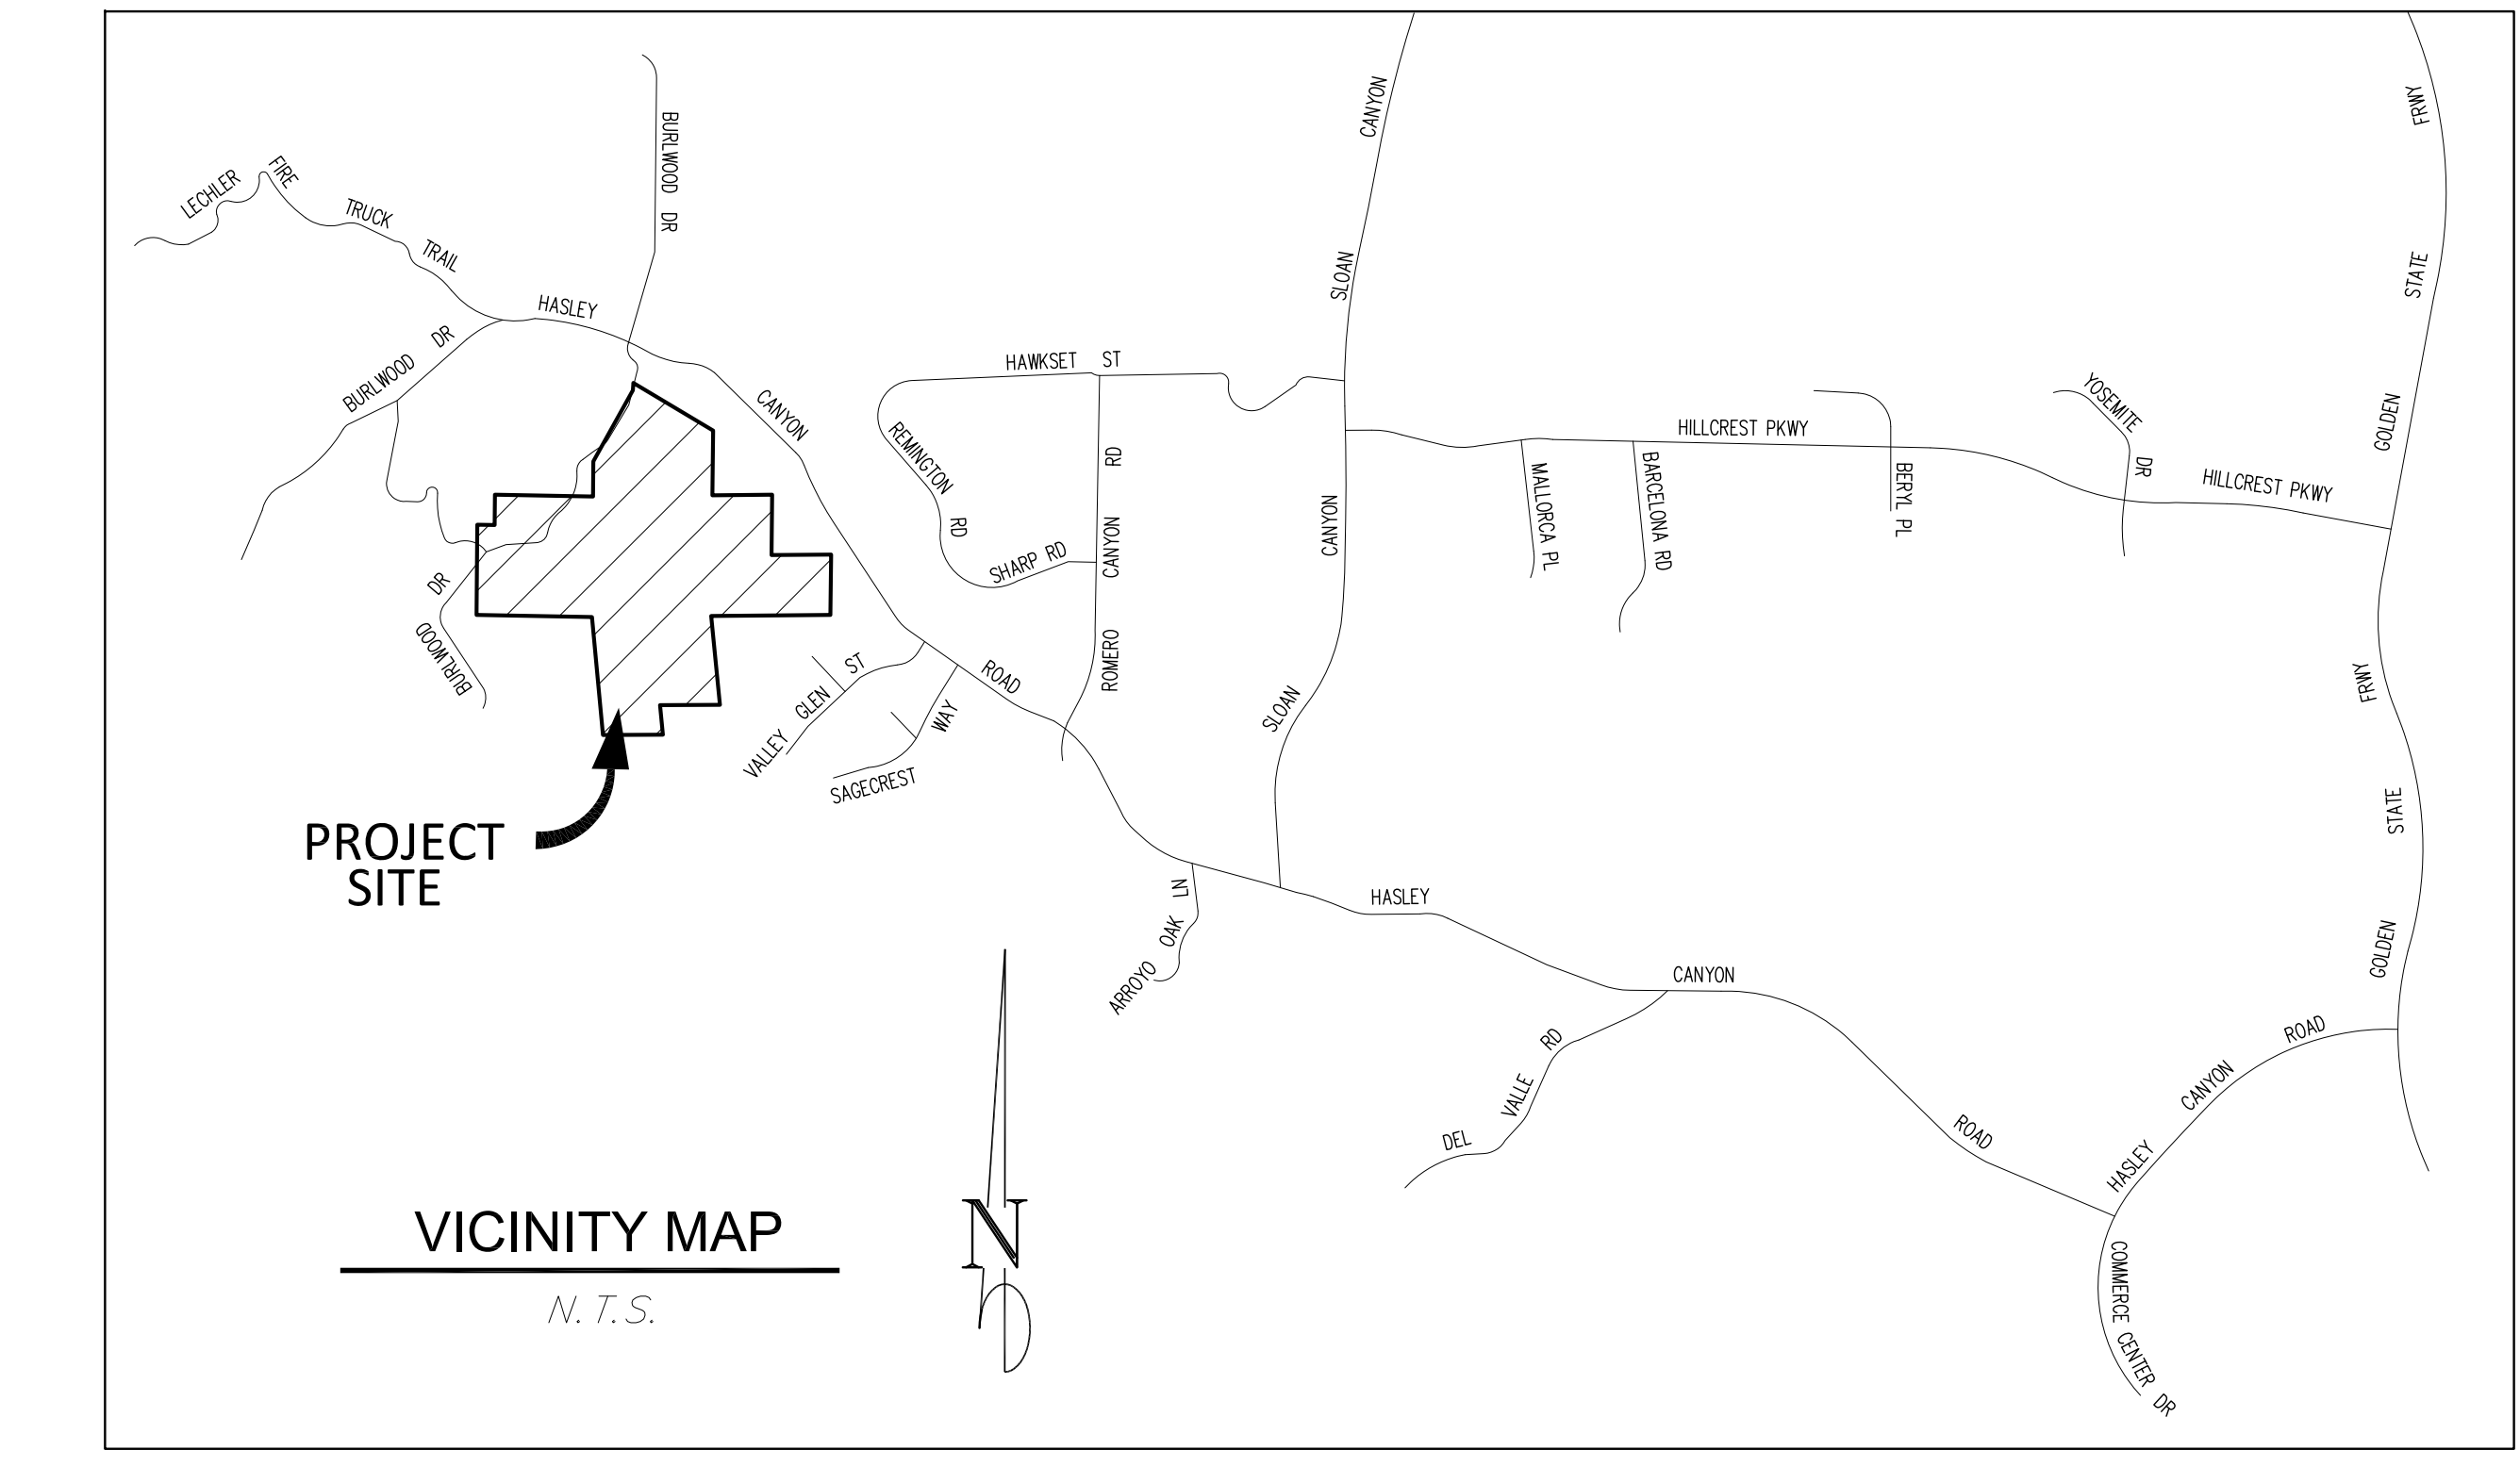

CIRCULATION:

- ALL STREETS TO BE PRIVATE DRIVEWAY AND FIRE LANES. RESIDENTIAL LOT LINES EXTENDED TO THE CENTER OF THE PRIVATE DRIVEWAY AND FIRE LANE.
- STREET GRADES DO NOT EXCEED A MAXIMUM OF 15 PERCENT.
- CUL DE SAC AND KNUCKLE DESIGN SHALL BE PER STANDARD LOS ANGELES COUNTY PUBLIC WORKS, ROAD AND GRADING DEPARTMENT REQUIREMENTS.
- ALL PRIVATE RESIDENTIAL DRIVES SHALL BE FIRE LANES AND HAVE A MINIMUM PAVED WIDTH OF 30 FEET. FOR THOSE PRIVATE DRIVES EXCEEDING 150 FEET IN LENGTH, A PAVED TURNAROUND SHALL BE PROVIDED AT THE END OF THE DRIVE.
- A PROPERTY LINE RETURN RADIUS OF 13 FEET ARE PROVIDED AT ALL LOCAL STREET INTERSECTIONS.

EASEMENT NOTES

APN: 3247-029-017, 3247-033-004, AND 3247-037-017

- AN EASEMENT TO WESTERN GULF OIL COMPANY FOR ROADWAY AND PIPE LINE PURPOSES. IN BOOK D2247, PAGE 538, DATED NOVEMBER 6, 1983 (BLANKET IN NATURE).
- AN EASEMENT TO WILLIAM EUGENE AND EDNA I. STEVENS FOR INSTALLATION AND MAINTENANCE OF PUBLIC UTILITIES AND RIGHTS OF WAY OVER EXISTING ROADS AND MOUNTAIN TRAILS, IN BOOK 18624, PAGE 43, DATED NOVEMBER 1, 1938 (BLANKET IN NATURE).
- AN EASEMENT TO GULF OIL CORPORATION FOR PUBLIC UTILITY PURPOSES RECORDED AS INSTRUMENT #79-389745, DATED APRIL 11, 1979 (BLANKET IN NATURE).
- AN EASEMENT TO L.A. COUNTY WATERWORKS FOR UTILITY PURPOSES WITHIN THE BURLWOOD DRIVE PRIVATE AND FUTURE STREET EASEMENT RECORDED AS INSTRUMENT #88-1960139, DECEMBER 7, 1988.
- AN EASEMENT TO PACIFIC BELL FOR PUBLIC UTILITY PURPOSES WITHIN THE BURLWOOD DRIVE PRIVATE AND FUTURE STREET EASEMENT RECORDED AS INSTRUMENT #89-356158, MARCH 7, 1989.

GENERAL NOTES:

- THE PROJECT IS LOCATED IN THE CASTAIC AREA OF UNINCORPORATED LOS ANGELES COUNTY.
- SANTA CLARITA VALLEY AREA WIDE PLAN (ONE VALLEY ONE VISION) LAND USE DESIGNATION ARE: RL20 (RURAL LAND 20-1 DWELLING UNIT/20 GROSS ACRES), RL2 (RURAL LAND 2-1 DWELLING UNIT/2 GROSS ACRES).
- LOS ANGELES COUNTY ZONING IS: A-2-2 HEAVY AGRICULTURAL.
- ASSESSOR PARCEL NUMBERS: APN 3247-033-004, 3247-037-017, 3247-052-003, 3247-052-004, AND 3247-029-017.
- GROSS ACRES: 166.63 ACRES

PLAN NOTES:
VITM 072630:

- GROSS PROJECT AREA: 166.63 ACRES.
- PROPOSING 46 SINGLE FAMILY RESIDENTIAL LOTS.
- APPLICANT REQUESTS THE RIGHT TO RECORD MULTIPLE FINAL MAPS PER SECTION 64456.1 OF CALIFORNIA GOVERNMENT CODE (SUBDIVISION MAP ACT).
- APPLICANT REQUESTS THE RIGHT TO ADJUST LOT LINES TO THE SATISFACTION OF THE DEPARTMENT OF PUBLIC WORKS.
- APPLICANT REQUESTS THE RIGHT TO CREATE ADDITIONAL OPEN SPACE LOTS PRIOR TO THE RECORDED FINAL MAPS TO THE SATISFACTION OF THE DEPARTMENT OF REGIONAL PLANNING.
- A HOMEOWNERS ASSOCIATION IS TO BE ESTABLISHED TO MAINTAIN COMMON OPEN SPACE AREAS.
- MAXIMUM MANUFACTURED SLOPE GRADIENT SHALL BE 2 HORIZONTAL TO 1 VERTICAL.
- 15 OAK TREES TO BE REMOVED PER LOS ANGELES COUNTY OAK TREE ORDINANCE.

VESTING TENTATIVE TRACT MAP NO. 072630
THE RESERVE AT HASLEY CANYON

SHEET 3 OF 3 SHOTS

Plot Date: Mon, September 26, 2016

It is recommended that this tentative map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

- (1) Prior to tentative map approval the sewer area study PC 12300as currently in plancheck with Public Works must be approved. If the system is found to have insufficient capacity, upgrade of the proposed and existing sewerage system is required to the satisfaction of Public Works.
- (2) Provide proof that the subdivider has acquired a minimum 10-foot wide off-site sewer easement from the southerly tract boundary line to the existing public street, Hidden Valley Court, to construct the off-site sewer improvements prior to tentative map approval to the satisfaction of Public Works.
- (3) A revised tentative and exhibit map are required to show the following additional items:
 - a. As previously requested, provide a minimum 10 feet sanitary sewer easement along proposed sewer mainline.
 - b. Show any off-site improvements required by the approved area study, if any.

It is recommended that this tentative map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

1. A revised tentative map is required to show the following additional items:
 - a. Drainage of natural tributary areas above Lots 3-6 shall be designed either to eliminate debris flow or to provide an inlet to convey the flow to a proper drainage device.
 - b. Typical section of the private driveway and fire lane does not provide enough width for vehicles to park on steep slopes (15%) where wheels must be slanted out of the driveway direction.

Phone (626) 458-3126

Date 10-26-2016

The following report consisting of ____ pages are the recommendations of Public Works.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Details and notes shown on the tentative map are not necessarily approved. Any details or notes which may be inconsistent with requirements of ordinances, general conditions of approval, or Department policies must be specifically approved in other conditions, or ordinance requirements are modified to those shown on the tentative map upon approval by the Advisory agency.
2. Easements are tentatively required, subject to review by the Director of Public Works to determine the final locations and requirements.
3. Easements shall not be granted or recorded within areas proposed to be granted, dedicated, or offered for dedication for public streets, highways, access rights, building restriction rights, or other easements until after the final map is filed with the Registrar-Recorder/County Clerk's Office. If easements are granted after the date of tentative approval, a subordination must be executed by the easement holder prior to the filing of the final map.
4. In lieu of establishing the final specific locations of structures on each lot/parcel at this time, the owner, at the time of issuance of a grading or building permit, agrees to develop the property in conformance with the County Code and other appropriate ordinances such as the Building Code, Plumbing Code, Grading Ordinance, Highway Permit Ordinance, Mechanical Code, Zoning Ordinance, Underground of Utilities Ordinance, Water Ordinance, Sanitary Sewer and Industrial Waste Ordinance, Electrical Code, and Fire Code. Improvements and other requirements may be imposed pursuant to such codes and ordinances.
5. Adjust, relocate, and/or eliminate lot lines, lots, streets, easements, grading, geotechnical protective devices, and/or physical improvements to comply with ordinances, policies, and standards in effect at the date the County determined the application to be complete all to the satisfaction of Public Works.
6. All easements existing at the time of final map approval must be accounted for on the approved tentative map. This includes the location, owner, purpose, and recording reference for all existing easements. If an easement is blanket or indeterminate in nature, a statement to that effect must be shown on the tentative map in lieu of its location. If all easements have not been accounted for, submit a corrected tentative map to the Department of Regional Planning for approval.

7. If applicable, quitclaim or relocate easements running through proposed structures.
8. Construct road improvements from the tract's southerly boundary to join the existing Hidden Valley Court to the satisfaction of Public Works.
9. Construct road improvements from the tract's northerly boundary along Burlwood Drive to join the existing Hasley Canyon Road to the satisfaction of Public Works.
10. Prior to final map approval, initiate for the County to accept Hidden Valley Court as offered on Tract No. 45645, and Burlwood Drive as offered on Tract No. 34170 as public streets to the satisfaction of Public Works.
11. Label driveways and multiple access strips as "Private Driveway and Fire Lane" and delineate on the final map to the satisfaction of Public Works and Fire Department.
12. Reserve reciprocal easements for drainage, ingress/egress, sewer, water, utilities, right to grade, and maintenance purposes, in documents over the common private driveways to the satisfaction of Public Works.
13. Show open space lots on the final map and dedicate residential construction rights over the open space lots.
14. Delineate proof of access to a public street on the final map.
15. If unit filing occurs, reserve reciprocal easements for drainage, ingress/egress, utilities, and maintenance purposes, in documents over the private driveways and delineate on the final map to the satisfaction of Public Works.
16. The boundaries of the unit final maps shall be designed to the satisfaction of the Departments of Regional Planning and Public Works.
17. The first unit of this subdivision shall be filed as Tract No. 72630-01, the second unit, Tract No. 72630-02, and the last unit, Tract No. 72630
18. A final tract map must be processed through the Director of Public Works prior to being filed with the Registrar-Recorder/County Clerk's Office.

19. Prior to submitting the tract map to the Director of Public Works for examination pursuant to Section 66442 of the Government Code, obtain clearances from all affected Departments and Divisions, including a clearance from the Subdivision Mapping Section of the Land Development Division of Public Works for the following mapping items; mathematical accuracy; survey analysis; and correctness of certificates, signatures, etc.
20. A final guarantee will be required at the time of filing of the final map with the Registrar-Recorder/County Clerk's Office.
21. Within 30 days of the approval date of this land use entitlement or at the time of first plan check submittal, the applicant shall deposit the sum of \$5,000 with Public Works to defray the cost of verifying conditions of approval for the purpose of issuing final map clearances.

Phone (626) 458-3126

Date 10-26-2016

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. A water system maintained by the water purveyor, with appurtenant facilities to serve all lots in the land division, must be provided. The system shall include fire hydrants of the type and location (both on-site and off-site) as determined by the Fire Department. The water mains shall be sized to accommodate the total domestic and fire flows.
2. There shall be filed with Public Works a statement from the water purveyor indicating that the water system will be operated by the purveyor, and that under normal conditions, the system will meet the requirements for the land division, and that water service will be provided to each lot.
3. The applicant shall comply with the requirements as indicated on the attached letter dated 08/26/15 from the Los Angeles County Waterworks District No. 36-Val Verde to the satisfaction of Public Works.
4. Easements shall be granted to the County, appropriate agency or entity for the purpose of ingress, egress, construction and maintenance of all infrastructures constructed for this land division to the satisfaction of Public Works.
5. Submit landscape and irrigation plans with landscape area greater than 500 square feet, in accordance with the Water Efficient Landscape Ordinance. Depict all line of sight easements on the landscaping and grading plans.
6. If recycled water is available, install a separate water irrigation systems for recycled water use per landscape plans. If necessary, install off-site recycle water mainline per landscape plans to serve this subdivision to the satisfaction of Public Work. The recycled water irrigation systems shall be designed and operated in accordance with all local and State Codes as required per AB 1881.

COUNTY OF LOS ANGELES FIRE DEPARTMENT FIRE PREVENTION DIVISION

Land Development Unit

Commerce, CA 90040
Telephone (323) 890-4243, Fax (323) 890-9783

PROJECT: TR 72630

MAP DATE: September 27, 2016

THE FIRE DEPARTMENT RECOMMENDS THAT THIS PROJECT NOT TO BE APPROVED AT THIS TIME AND NOT TO PROCEED WITH THE PUBLIC HEARING PROCESS. THIS RECOMMENDATION MAYBE CHANGED WHEN THE HOLDS BELOW HAVE BEEN ADDRESSED.

HOLDS TENTATIVE/EXHIBIT MAP

1. The proposed access road for this development shall be public streets designed to the Department of Public Works standards. A gated community will not be supported by the Fire Department at this time. Redesign the project and resubmit for review prior to Tentative Map clearance.
2. This development is required to provide an approved public secondary access road not to connect back to Hasley Canyon Road. The secondary access shall be a public street designed to the Department of Public Works standards. Redesign the project and resubmit for review prior to Tentative Map clearance.
3. Show the location of the closest existing public fire hydrant(s) on Hasley Canyon Road and Burlwood Road to the lot frontage as well as the closest existing public fire hydrant on Hidden Valley Court. This will assisting to determine the location of the required fire hydrants for this development. Compliance required prior to Tentative Map.
4. Submit a fire flow availability form, FORM 195, to our office for the closest existing public fire hydrant located on Hasley Canyon Road and Burlwood Road to the lot frontage. Compliance required prior to Tentative Map.
5. Submit a Preliminary Water Design Report from Los Angeles County Water Works District 36 for the proposed water line extension within this development confirming the design will meet the Fire Department's minimum fire flow requirement. Submit a copy for review prior to Tentative Map clearance.
6. This property is located within the area described as "Very High Fire Hazard Severity Zone". A "Preliminary Fuel Modification Plan" is required prior to Tentative Map clearance. Contact our Fuel Modification Unit at (626) 969-5205 for submittal details. Submit a copy or confirmation of approval to our office to release of the Tentative Map hold.

COUNTY OF LOS ANGELES FIRE DEPARTMENT FIRE PREVENTION DIVISION

Telephone (323) 890-4243, Fax (323) 890-9783

PROJECT: TR 72630

MAP DATE: September 27, 2016

FINAL MAP CONDITIONS OF APPROVAL

1. Access as noted on the Tentative and the Exhibit Maps shall comply with Title 21 (County of Los Angeles Subdivision Code) and Section 503 of the Title 32 (County of Los Angeles Fire Code), which requires an all-weather access surface to be clear to sky.
2. A copy of the Final Map shall be submitted to the Fire Department for review and approval prior to recordation.
3. The private access within the development shall be indicated as "Private Driveway" on the Final Map. The required fire apparatus access, the fire lanes and turnarounds, shall be labeled as "Fire Lane" on the Final Map. Any proposed parking area, walkway, or other amenities within the private driveway shall be outside the required fire lane. Clearly delineate on the Final Map and submit to the Fire Department for approval.
4. A reciprocal access agreement is required for the private driveway since multiple lots and units are sharing the same access. Submit documentation to the Fire Department for review prior to Final Map clearance.
5. A construct bond is required for all private driveways within this development. Provide written verification of the posted construction bond to the Fire Department prior to Final Map clearance.
6. Provide written verification stating the required fire hydrants have been installed or bonded for in lieu of installation prior to Final Map clearance.

PROJECT CONDITIONS OF APPROVAL

1. This property is located within the area described by the Fire Department as "Very High Fire Hazard Severity Zone". A "Fuel Modification Plan" shall be submitted and approved prior to building permit issuance. (Contact: Fuel Modification Unit, Fire Station #32, 605 North Angeleno Avenue, Azusa, CA 91702-2904, Phone (626) 969-5205 for details).

MAP DATE: September 27, 2016

2. All proposed buildings shall be places such that a fire lane is provided to within 150 feet of all exterior walls of the first story. This measurement shall be by an approved route around the exterior of the building or facility. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.
3. The on-site private driveways shall provide a minimum paved unobstructed width of 20 feet, clear to the sky. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.
4. The fire apparatus access roads shall be designed and maintained to support the imposed load of a fire apparatus weighing 37.5 tons (75,000 pounds) and shall be surfaced so as to provide all-weather driving capabilities. Fire apparatus access roads having a grade of 10 percent or greater shall provide a paved or concrete surface. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.
5. Fire lanes exceeding a length of 150 feet that dead end are required to provide an approved Fire Department turnaround. All required Fire Department turnarounds shall be designed to accommodate the required fire apparatus as mentioned on the Fire Department standards due to the size of the building and shall be clearly depicted on the final design plans.
6. The gradient of the on-site private driveways shall not exceed 15 percent. Any changes in grade shall not exceed 10 percent within a 10 feet distance or 5.7 degrees. Cross slopes and required Fire Department turnarounds shall not exceed 2 percent grades. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.
7. Any change of direction within a private driveway shall provide a 32 feet centerline turning radius. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.

COUNTY OF LOS ANGELES FIRE DEPARTMENT FIRE PREVENTION DIVISION

Commerce, CA 90040
Telephone (323) 890-4243, Fax (323) 890-9783

PROJECT: TR 72630

MAP DATE: September 27, 2016

8. All proposed bridges and elevated crossing shall be constructed and maintained in accordance with AASHTO HB-17 and designed to support a live load of 75,000 pounds as specified in the County of Los Angeles Fire Code and to the satisfaction of the Department of Public Works. Verification for compliance will be performed during the architectural plan review prior to building permit issuance.
9. Install ??? public fire hydrant as noted on the Tentative Map. The location might change depending on the requirements by the jurisdiction water company.
10. All fire hydrants shall measure 6"x 4"x 2-1/2" brass or bronze, be located to provide a minimum clearance of 3 feet around the fire hydrant, and conform to current AWWA standard C503 or approved equal.
11. The required fire flow from the public fire hydrant for this development, if the future single family dwellings are less than 3,600 total square feet, is 1250 gallons per minute at 20 psi for a duration of 2 hours, over and above maximum daily domestic demand.
12. If the future single family dwellings are 3,601 total square feet or greater, the required fire flow from the public fire hydrant for this development can be up to 8000 gallons per minute at 20 psi for a duration of 4 hours, over and above maximum daily domestic demand. This fire flow may be reduced by the Fire Prevention Engineering Section as approved during the building permit review process.
13. All required fire hydrants shall be installed, tested, and accepted prior to construction. Vehicular access must be provided and maintained serviceable throughout construction to all required fire hydrants.
14. Parking shall be restricted 30 feet adjacent to any required public or private fire hydrant, 15 feet on each side measured from the center of the fire hydrant. Adequate signage and/or stripping shall be required prior to occupancy.
15. An approved automatic fire sprinkler system is required for proposed building within this development. Submit design plans to the Fire Department Sprinkler Plan Check Unit for review and approval prior to installation.

DEPARTMENT OF PARKS AND RECREATION**

PARK OBLIGATION REPORT

Tentative Map #	72630	DRP Map Date:	09/27/2016	SCM Date:	11/03/2016	Report Date:	10/25/2016
Park Planning Area #	35B	CASTAIC/VAL VERDE	CSD: Castaic	Map Type: REV. (REV RECD)			

Total Units = Proposed Units + Exempt Units

Sections 21.24.340, 21.24.350, 21.28.120, 21.28.130, and 21.28.140, the County of Los Angeles Code, Title 21, Subdivision Ordinance provide that the County will determine whether the development's park obligation is to be met by:

- 1) the dedication of land for public or private park purpose or,
- 2) the payment of in-lieu fees or,
- 3) the provision of amenities or any combination of the above.

The specific determination of how the park obligation will be satisfied will be based on the conditions of approval by the advisory agency as recommended by the Department of Parks and Recreation.

Park land obligation in acres or in-lieu fees:

ACRES:	0.47
IN-LIEU FEES:	\$93,196

Conditions of the map approval:

The park obligation for this development will be met by:

The payment of \$93,196 in-lieu fees.

Trails:

No trails.

Comments:

*****Advisory:**

The Representative Land Value (RLVs) in Los Angeles County Code (LACC) Section 21.28.140 are used to calculate park fees and are adjusted annually, based on changes in the Consumer Price Index. The new RLVs become effective July 1st of each year and may apply to this subdivision map if first advertised for hearing before either a hearing officer or the Regional Planning Commission on or after July 1st pursuant to LACC Section 21.28.140, subsection 3. Accordingly, the park fee in this report is subject to change depending upon when the subdivision is first advertised for public hearing.

Please contact Clement Lau at (213) 351-5120 or Sheela Mathai at (213) 351-5121, Department of Parks and Recreation, 510 South Vermont Avenue, Los Angeles, CA 90020 for further information or to schedule an appointment to make an in-lieu fee payment.

For information on Hiking and Equestrian Trail requirements, please contact the Trails Coordinator at (213) 351-5134.

PARK OBLIGATION WORKSHEET

Tentative Map #	72630	DRP Map Date:	09/27/2016	SMC Date:	11/03/2016	Report Date:	10/25/2016
Park Planning Area #	35B	CASTAIC/VAL VERDE	CSD: Castaic	Map Type: REV. (REV RECD)			

The formula for calculating the acreage obligation and or In-lieu fee is as follows:

(P)people x (0.003) Ratio x (U)nits = (X) acres obligation

(X) acres obligation x RLV/Acre = In-Lieu Base Fee

- Where:
- P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census*. Assume * people for detached single-family residences; Assume * people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume * people for apartment houses containing five or more dwelling units; Assume * people for mobile homes.
 - Ratio = The subdivision ordinance provides a ratio of 3.0 acres of park land for each 1,000 people generated by the development. This ratio is calculated as "0.0030" in the formula.
 - U = Total approved number of Dwelling Units.
 - X = Local park space obligation expressed in terms of acres.
 - RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units = Proposed Units + Exempt Units

	People*	Ratio 3.0 Acres / 1000 People	Number of Units	Acre Obligation
Detached S.F. Units	3.43	0.0030	46	0.47
M.F. < 5 Units	2.95	0.0030	0	0.00
M.F. >= 5 Units	2.45	0.0030	0	0.00
Mobile Units	2.80	0.0030	0	0.00
Exempt Units			0	
Total Acre Obligation =				0.47

Park Planning Area = **35B CASTAIC/VAL VERDE**

Ratio	Acre Obligation	RLV / Acre	In-Lieu Base Fee
@(0.0030)	0.47	\$198,289	\$93,196

Lot #	Provided Space	Provided Acres	Credit (%)	Acre Credit	Land
None

Subject: Notice of Inactive Submittal: Project No. R2014-00025-(5) / Tentative Tract Map 072630 [APN: 3247-029-017; 3247-033-004; 3247-037-017; 3247-052-003; 3247-052-004]

Good afternoon,

The subject project has been identified as inactive and is subject to denial due to inactivity. The Subdivision Committee Meeting (November 3, 2016) provided reports listing deficiencies/corrections to you which are publicly available online at <https://planning.lacounty.gov/case/view/tr072630>. Staff previously notified you of the inactive status of the project and gave a deadline of February 3, 2020 to provide the required revisions. Staff has not received a follow-up from you regarding these items. In order to not have the subject project scheduled for denial, you are required to provide the requested corrections as noted on the Subdivisions Committee Report within sixty (60) days of this email, on or before **April 17, 2023**. Please forward all documents to me. If deemed active, the project will be reassigned to another staff member for processing.

If no response is provided, the project will be scheduled for denial.

You may also request to withdraw your application and may be eligible for a refund of deposited fees. Please email a typed request to me, signed by the owner or the owner's representative withdrawing the project.

PUBLIC MEETING NOTICE: DENIAL DUE TO INACTIVITY
PROJECT NO. R2014-00025-(5)
PERMIT: Vesting Tentative Tract Map No. 072630
Conditional Use Permit No. 201400001
Oak Tree Permit No. 201400002
Environmental Assessment No. 201400002
APN - 3247-029-017; 3247-033-004; 3247-037-017;
3247-052-003; 3247-052-004

Dear Applicant,

LA County Planning has made repeated attempts to inform you of the information that is required to proceed with your application, which includes a vesting tentative tract map to create 46 single-family residential lots and one open space lot totaling 168.73 gross acres. The application also requests the approval of a conditional use permit ("CUP") for grading and hillside management (1.2 million cubic yards proposed), to exceed the low-density threshold of 13 units within a rural hillside management area and an Oak Tree Permit that requesting the removal of 16 oak trees.

The most recent correspondence dated February 16, 2023 requesting project revisions and additional information is attached for your review. Additionally, staff contacted you by telephone on March 18, 2024 and informed you that denial proceedings would be initiated if responsive documents are not received. To date, we have not received the requested information and as a result, we are unable to proceed with processing your application.

Section 22.222.100(C)(1) of the County Code provides that the Hearing Officer may deny, without public hearing, any application if such application is deemed inactive. Due to the longstanding inactive status of the project identified above, the project will be scheduled for denial before a County Hearing Officer on **August 6, 2024**.

5/2/2024

Page 2

If you wish to keep this project active, please send a written request to LA County Planning, Subdivisions, Room 150, 320 West Temple Street, Los Angeles, CA 90012, Attention: Phillip Smith. This correspondence must be received within **30 days from the date of this letter** in order to avoid being scheduled for denial. If you choose to keep your project active and submit a written request within the timeframe listed above, you must also submit all requested information **within 45 days of the date of this letter** or this project will be automatically scheduled for denial at the next available Hearing Officer meeting. Please be advised that if the project is denied, enforcement action may be taken by LA County Planning to ensure compliance with the Title 22 Planning and Zoning Code.

For questions or for additional information, please contact Phillip Smith of the Subdivisions Section at (213) 974-6433, or psmith@planning.lacounty.gov.

Sincerely,

Amy J. Bodek, AICP
Director of Regional Planning
