

LOS ANGELES COUNTY  
DEPARTMENT OF REGIONAL PLANNING

DRAFT CONDITIONS OF APPROVAL  
PROJECT NO. PRJ2025-000506-(2)  
CONDITION USE PERMIT NO. RPPL2025000715

**PROJECT DESCRIPTION**

The Project consists of the construction and operation of a new 65-foot-high Wireless Communication Facility (“WCF”) disguised as a mono-eucalyptus tree with 12 new eight-foot-tall panel antennas, a new microwave dish, and ground mounted equipment enclosed by an eight-foot-tall wrought iron fence with perforated metal screening, subject to the following conditions of approval:

**GENERAL CONDITIONS**

1. **Permittee.** Unless otherwise apparent from the context, the term “Permittee” shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
2. **Affidavit of Acceptance.** This grant shall not be effective for any purpose until the Permittee, and the owner of the subject property if other than the Permittee, have filed at the office of the Los Angeles County (“County”) Department of Regional Planning (“LA County Planning”) their affidavit stating that they are aware of and agree to accept all of the conditions of this grant, and that the conditions of the grant have been recorded as required by Condition No. 7, and until all required monies have been paid pursuant to Condition No. 10. Notwithstanding the foregoing, Condition No. 2 and Condition Nos. 4, 5, and 9 shall be effective immediately upon the date of final approval of this grant by the County.
3. **Date of Final Approval.** Unless otherwise apparent from the context, the term “date of final approval” shall mean the date the County’s action becomes effective pursuant to County Code Section 22.222.230 (Effective Date of Decision and Appeals).
4. **Indemnification.** The Permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code section 65009 or any other applicable limitations period. The County shall promptly notify the Permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the Permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the Permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
5. **Litigation Deposit.** In the event that any claim, action, or proceeding as described above is filed against the County, the Permittee shall within ten days of the filing make an initial deposit with LA County Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in LA County Planning’s cooperation in the

defense, including but not limited to, depositions, testimony, and other assistance provided to Permittee or Permittee's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the Permittee shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the Permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the Permittee according to County Code Section 2.170.010 (Fees for Providing County Records).

6. **Invalidation.** If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
7. **Recordation.** Prior to the use of this grant, the Permittee, or the owner of the subject property if other than the Permittee, shall **record the terms and conditions** of the grant in the office of the County Registrar-Recorder/County Clerk (i.e. Recorder's Office). In addition, upon any transfer or lease of the property during the term of this grant, the Permittee, or the owner of the subject property if other than the Permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
8. **Grant Term. This grant shall terminate on November 18, 2040.** Entitlement to use of the property thereafter shall be subject to the regulations then in effect. If the Permittee intends to continue operations after such date, whether or not the Permittee proposes any modifications to the use at that time, the Permittee shall file a new Conditional Use Permit application with LA County Planning or shall otherwise comply with the applicable requirements at that time. Such application shall be filed at least twelve months prior to the expiration date of this grant and shall be accompanied by the required fee. In the event that the Permittee seeks to discontinue or otherwise change the use, notice is hereby given that the use of such property may require additional or different permits and would be subject to the then-applicable regulations.
9. **Expiration.** This grant shall expire unless used within two (2) years from the date of decision for this grant. A single one-year time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date.
10. **Inspections.** The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the Permittee to cease any development or activity not in full compliance shall be a violation of these conditions. No provision of any easement of or any other encumbrance on the property shall exempt the Permittee and/or property owner from compliance with these conditions and applicable regulations. Inspections shall be

made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The Permittee shall deposit with the County the sum **\$3,648** which shall be placed in a performance fund and be used exclusively to reimburse LA County Planning for all expenses incurred while inspecting the premises to determine the Permittee's compliance with the conditions of this grant. The fund provides for **eight (8)** inspections.

Inspections may be unannounced. Inspections may be conducted utilizing any available technologies, including, but not limited to, unmanned aircraft systems (UAS). Use of a UAS requires the consent of the Permittee pursuant to LA County Planning's UAS policy, which may be updated from time to time, and which shall be provided to the Permittee upon request.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the Permittee shall be financially responsible and shall reimburse LA County Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be **\$456.00** per inspection, or the current recovery cost established by LA County Planning at the time any additional inspections are required, whichever is greater.

11. **Revocation.** Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to County Code Chapter 22.238 (Modifications and Revocations). Failure of the Permittee to cease any development or activity not in full compliance shall be a violation of these conditions and may result in revocation.
12. **County Fire Code.** All development pursuant to this grant shall comply with the requirements of Title 32 (Fire Code) of the County Code to the satisfaction of the County Fire Department.
13. **County Public Works Requirements.** All development pursuant to this grant shall comply with the requirements of the County Department of Public Works to the satisfaction of said department.
14. **Exhibit "A."** All development pursuant to this grant shall comply with the requirements of Title 22 (Planning and Zoning) of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of LA County Planning ("Director").

15. **Maintenance.** The Permittee shall maintain the subject property in a neat and orderly fashion. The Permittee shall maintain free of litter all areas of the premises over which the Permittee has control.
16. **Graffiti.** All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by LA County Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the Permittee shall remove, or cover said markings, drawings, or signage within 48 hours, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

17. **Revisions to the Exhibit "A."** The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A." If changes to any of the plans marked Exhibit "A" are required as a result of instruction given at the public hearing, **an electronic copy** of a modified Exhibit "A" shall be submitted to LA County Planning by **January 17, 2025**.
18. **Subsequent Revisions to the Exhibit "A."** In the event that subsequent revisions to the approved Exhibit "A" are submitted, the Permittee shall submit **an electric copy** of the proposed plans to the Director for review and approval. All revised plans must substantially conform to the originally approved Exhibit "A." All revised plans must be accompanied by the written authorization of the property owner(s) and applicable fee for such revision.

#### **PERMIT-SPECIFIC CONDITIONS**

19. **Public Utilities Commission (PUC).** The facility shall be operated in accordance with regulations of the California State Public Utilities Commission.
20. **Electromagnetic Emissions Levels.** Upon completion of construction of the facility, the Permittee shall provide upon request to the Zoning Enforcement Section of LA County Planning written certification that the radio frequency electromagnetic emissions levels comply with adopted Federal Communications Commission ("FCC") limitations for general population/uncontrolled exposure to such emissions when operating at full strength and capacity. If other WCFs are located on the subject property or on adjacent parcels, the aforementioned report shall include the radio frequency electromagnetic emissions of said WCFs. No facility or combination of facilities shall produce at any time exposure levels in any general population area that exceed the applicable FCC standards for radiofrequency ("RF") emissions in accordance with County Code Section 22.140.760.E.1.e.ii (Safety Standards).
21. **Co-location Feasibility.** Insofar as is feasible, the Permittee shall cooperate with any subsequent applicants for wireless communications facilities in the vicinity with

regard to possible co-location. Such subsequent applications will be subject to the regulations in effect at that time.

22. **Modifications under Eligible Facilities.** Any modifications to the facility qualifying as an Eligible Facilities Request, as described by the FCC in Section 6409(a) of the Spectrum Act, shall require the submittal of a Revised Exhibit "A" or Site Plan Review application pursuant to Subsection G of County Code Section 22.140.760 (Modifications to Existing Macro Facilities), and modifications shall be approved if they are within the limits established by the FCC.
23. **Cumulative Emissions.** Any proposed WCF that will be co-locating on the proposed facility will be required to provide upon request the same written verification of emissions and include the cumulative radiation and emissions of all such facilities to the Zoning Enforcement Section of LA County Planning.
24. **Light Trespass.** If any external lighting is proposed, including security lighting, it shall be on motion sensors, be of low intensity, fully shielded and directed away from any adjacent residences. Pole mounted lighting is prohibited on the leasehold unless the facility is disguised as a light pole. Antenna lighting is prohibited. Beacon lights are prohibited unless required by the Federal Aviation Administration.
25. **Construction and Maintenance Hours.** If the subject property is adjacent to residences, construction and maintenance of the facility shall be limited to the hours of 9:00 AM to 5:00 PM, Monday through Friday. Emergency repairs of the facility may occur at any time.
26. **Pole Mounted Equipment Conformance.** Placement and height of all pole mounted equipment shall be in substantial conformance with that shown on the approved Exhibit "A." The facility shall be built as depicted in the photo simulations presented at the public hearing.
27. **Vehicle Parking Space.** One parking space for maintenance vehicles shall be provided. The space does not have to be dedicated solely to maintenance vehicles. Maintenance vehicles shall not block access to driveways or garages.
28. **Maximum Height.** The maximum height of the facility shall not exceed 65 feet above grade.
29. **Zoning Enforcement Section Contact Information.** The Permittee shall maintain current contact information with the Zoning Enforcement Section of the LA County Planning.
30. **Facility Maintenance.** The facility shall be maintained in good condition and repair, and shall remain free of: general dirt and grease; chipped, faded, peeling or cracked paint; trash, debris, litter, graffiti and other forms of vandalism; cracks, dents, blemishes and discolorations; visible rust or corrosion on any unpainted metal areas. Any damage from any cause shall be repaired by the Permittee within 30 days of notice. Weathered, faded or missing parts/materials used to disguise/camouflage the facility shall be maintained and/or replaced by the Permittee within 30 days of

notice. Provided landscaping shall be maintained at all times and shall be promptly replaced if needed.

31. **Annual Reports.** Upon request, the Permittee shall submit annual reports to the Zoning Enforcement Section of LA County Planning to show compliance with the maintenance and removal conditions.
32. **Facility Signage.** The FCC Antenna Structure Registration site number, Conditional Use Permit number, and primary leaseholder's and facility manager's contact information shall be kept current and prominently displayed on the facility where it can be easily viewed from ground level.
33. **Fences and Walls.** The facility shall be secured by fencing, gates and/or locks. All fencing or walls used for screening or securing the facility shall be composed of wood, vinyl, stone, concrete, stucco or wrought iron. Chain links, with slats, barbed and other types of wire fencing are prohibited. If the facility's fences or walls are visible from the public right-of-way, landscaping, in a minimum planter width of five feet, shall be provided to screen the fence or wall from the street.
34. **Facility Removal.** Upon termination of this grant or after the facility has ceased to operate, the Permittee shall remove such facility and clear the site of all equipment within six months of the cease of operation date. The Permittee shall restore the site as nearly as practicable to the condition prior to the installation of the subject facility.

#### **PROJECT SITE-SPECIFIC CONDITIONS**

35. **Scope of Work.** This grant shall authorize the construction, operation and maintenance of a WCF consisting of a 65-foot-tall mono-eucalyptus tree and related ground equipment, with the installation of an eight-foot-tall wrought iron fence with perforated metal screening within the existing pallet yard.
36. **Screening.** The facility shall be secured by fencing, gates and/or locks. All fencing or walls used for screening or securing the facility shall be composed of wood, vinyl, stone, concrete, stucco or wrought iron. Chain links, chain link with slats, barbed and other types of wire fencing are prohibited. If the facility's fences or walls are visible from the public right-of-way, landscaping, in a minimum planter width of five feet, shall be provided to screen the fence or wall from the street.
37. **Parking.** The Permittee shall maintain a minimum of one automobile parking space onsite for vehicles associated with the maintenance of the WCF. The space does not have to be dedicated solely to maintenance vehicles. Maintenance vehicles shall not block access to driveways or garages.
38. **County Fire Department Conditions.** The Permittee shall comply with all conditions set forth in the attached County Fire Department letter dated August 19, 2025.
