

DIRECTOR'S REPORT TO THE REGIONAL PLANNING COMMISSION

DATE ISSUED:	August 28, 2025		
MEETING DATE:	September 10, 2025	AGENDA ITEM:	5(b)
PROJECT NUMBER:	PRJ2025-002201-(3)		
PERMIT NUMBER:	Administrative Coastal Development Permit ("ACDP") RPPL2025002265		
SUPERVISORIAL DISTRICT:	3		
PROJECT LOCATION:	1401 Corral Canyon Road, Malibu (Assessor's Parcel Number 4461-004-030)		
OWNER:	Drederick Irving		
APPLICANT:	Nicolo Bin		
CASE PLANNER:	Jon Schneider, Regional Planner Coastal Development Services		

DIRECTOR'S ACTION

The Director of Planning, by her action of July 7, 2025, has **APPROVED** the above-referenced ACDP pursuant to County Code Sections 22.44.940.E, 22.44.940.G and 22.44.1020. The appeal period for this ACDP ended on July 21, 2025.

PROJECT DESCRIPTION

The ACDP authorizes a 606-square-foot external remodel and expansion of a kitchen and a dining room, the conversion of an office into a bedroom, and expansion of the primary closet associated with existing single-family residence ("Project"). The Project is located within habitat designated as H3 and partially designated as H1-Quiet Zone. The Project is located within the existing building site area of an authorized development. The Project qualifies for a Class 3 (New Construction or Conversion of Small Structures) Categorical Exemption from the California Environmental Quality Act ("CEQA") (Public Resources Code Section 21000 et seq.), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because this exemption specifically applies to small structures associated with an existing single-family residence.

Pursuant to County Code Section 22.44.940.I.2 if one-third or more of the full membership of the Commission so request, the issuance of an ACDP shall not become effective, but shall, if the applicant wishes to pursue the application, be treated as a Major CDP application subject to all provisions of the Santa Monica Mountains Local Implementation Program.

PROJECT NO. PRJ2025-002201-(3)
ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2024002265
1401 CORRAL ROAD, MALIBU (Assessor's Parcel Number 4461-004-030)

Dear Applicant:

The LA County Planning Director (Director), by her action of **July 7, 2025** has approved the above-referenced project. Enclosed are the Director's Findings and Conditions of Approval. Please carefully review each condition. This approval is not effective until the appeal period has ended and the required documents and applicable fees are submitted to LA County Planning (see enclosed Affidavit of Acceptance Instructions).

The applicant or any other interested persons may appeal the Director's decision in accordance with County Code section 22.44.940.H.1. The appeal period for this project will end at 5:00 p.m. on **July 21, 2025**.

To file an appeal, please contact:

Appeals must be submitted through the County's online permit management system (EPIC-LA). For instructions on how to appeal online, please email administrative services at appeal@planning.lacounty.gov before the end of the appeal period.

Upon completion of the appeal period, the notarized Affidavit of Acceptance and any applicable fees must be submitted to the planner assigned to your case. In addition, any applicable California Environmental Quality Act fees for the Department of Fish and Wildlife shall be paid, and a Notice of Determination, if applicable, must be filed with the County Clerk according to the instructions with the enclosed Affidavit of Acceptance.

Please make an appointment to ensure that processing will be completed in a timely manner. Failure to submit these documents and applicable fees within 60 days will result in a referral to Zoning Enforcement for further action.

For questions or for additional information, please contact Jon Schneider of the Coastal Development Services Section at (213) 974-0051, or jschneider@planning.lacounty.gov.

Sincerely,

AMY J. BODEK, AICP
Director of Regional Planning

FINDINGS OF THE DIRECTOR
AND ORDER
PROJECT NO. PRJ2025-002201-(3)
ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265

RECITALS

1. **ENTITLEMENT(S) REQUESTED.** The permittee, Nicolo Bin ("Permittee"), requests the Administrative Coastal Development Permit ("ACDP") to authorize a 606 square-foot external remodel and expansion of the footprint to the kitchen, dining room, conversion of office into a bedroom, and expansion of the primary closet, associated with an existing single family residence ("Project") on a property located at 1401 Corral Canyon Road ("Project Site") in the R-C-40 (Rural Coastal—40 Acre Required Lot Area) Zone within the Santa Monica Mountains Coastal Zone pursuant to Los Angeles County Code ("County Code") Section 22.44.940 and 22.44.1750.
2. **ENTITLEMENT(S) REQUIRED.** The ACDP is required to authorize a 606 square-foot external remodel and expansion of the footprint that includes adding and converting and expanding 227 square feet from deck space (Veranda 5) into the kitchen; adding 99.25 square feet of the existing office and converting the space into Bedroom 5, expanding the current footprint; adding 186.5 square feet of the primary closet passed current footprint; and adding and converting 93.25 square feet of deck space (Veranda 1) to the dining room, associated with an existing single-family residence in the R-C-40 Zone, pursuant to County Code Sections 22.44.940 and 22.44.1750. Coastal Development Permit ("CDP") No. 5-90-246, issued by the California Coastal Commission on August 8, 1990, approved the construction of a 35-foot high 9,739 square-foot single-family residence with an attached six car garage, swimming pool, tennis court, 750 square foot guest house, and driveway. Several amendments to the original CDP were approved to include solar panels, additions to guest house, landscaping, the location of the pool and spa, and revision to dedicate 3.5 acres of open space. This CDP included a condition requiring a new CDP for all future development on the Project Site. Because the proposed Project is associated with the principal permitted use in the R-C Zone (a single-family residence), grading is not proposed for this project, and does not require review by the Environmental Review Board ("ERB"), an ACDP is required for the Project, pursuant to County Code Sections 22.44.940, 22.44.810, 22.44.820.A.1.a.
3. **LOCATION.** The Project is located at 1401 Corral Canyon Road (Assessor's Parcel Number 4461-004-030) within the Santa Monica Mountains Planning Area.
4. **LAND USE DESIGNATION.** The Project Site is located within the RL-40 (Rural Land - One dwelling unit per 40 acres maximum density) land use category of the Santa Monica Mountains Local Coastal Program ("LCP") Land Use Plan. The principal permitted use in the RL-40 land use category is single-family detached residences on small lots.

ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265
PAGE 2 OF 7

5. **ZONING.** The Project Site is in the Malibu Zoned District and is zoned R-C-40. Pursuant to County Code Sections 22.44.1750.A.2, improvements and additions to a principal permitted use is permitted (a single-family residence) and requires an ACDP.

6. **SURROUNDING LAND USES AND ZONING**

LOCATION	LAND USE POLICY	ZONING	EXISTING USES
NORTH	RL-40(Rural Land -One dwelling unit per 40 acres maximum density), OS-P (Open Space Parks)	R-C-40 (Rural Coastal—40 Acre Minimum Required Lot Area), O-S-P (Open Space Parks)	Single-Family Residences, Open Space
EAST	RL-40, OS-P	R-C-40, O-S-P	Single-Family Residences, Open Space
SOUTH	RL-40	R-C-40	Single-Family Residences, Vacant Land
WEST	RL-40	R-C-40	Vacant Land

7. **PROJECT AND SITE PLAN DESCRIPTION.**A. Existing Site Conditions

The Project Site is approximately 36.3 acres in size and consists of one legal lot developed with a 6,782-square-foot single-family residence with a maximum height of 35 feet above grade. The parcel is irregular in shape and sloped downwards towards the southeast. The single-family residence, attached garage, and pool are located to the northwestern portion of the parcel, with the guest house and tennis court located northeast of the residence facing eastward.

B. Site Access

The Project Site is accessible from Corral Canyon Road, with a 20-foot-wide private road leading south from the public road to the residence and roundabout driveway, from the upper, central portion of the parcel.

C. Site Plan

The site plan for the Project depicts a 35-foot-high, 6,782 square-foot single-family residence with an attached garage, driveway, pool, solar panels, tennis court, and guest house. The Project is within the existing building site area of the residence.

8. **CEQA DETERMINATION.** The Director has determined that the Project qualifies for a Class 3, (New Construction or Conversion of Small Structures), Categorical

ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265
PAGE 3 OF 7

Exemption from the California Environmental Quality Act (CEQA) (Public Resources Code Section 21000 et seq.), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involves the conversion and construction of small structures associated with an existing single-family residence. According to the Santa Monica Mountains Local Implementation Plan ("LIP"), H3 Habitat includes native vegetation communities that have been significantly disturbed or removed as part of a lawfully established development and fuel modifications areas around existing development. The Project is located within H3 Habitat. Further, despite the Project being partially located within the H1-Quiet Zone (less than 200 feet from H1 Habitat), specifically where the conversion of Veranda 1 to additional kitchen space will occur, nor expand the existing footprint, no impact from the development will extend into any environmental resources of hazardous or critical concern and or particularly sensitive environment. The Project is not expected to impact scenic or historic resources because the Project consists of utilizing existing footprint and only expands into disturbed H3 habitat, in association with an existing, legally established single-family residence. The Project Site is also not on any hazardous waste site list. Therefore, the proposed Project is not subject to an exception to the CEQA exemptions, and the Class 3 Categorical Exemption may be applied.

9. **COMMUNITY OUTREACH.** No community outreach was conducted by the Permittee.
10. **PUBLIC COMMENTS.** No public comments were received regarding the Project.
11. **AGENCY RECOMMENDATIONS.** County department consultations were not required, as the Project represents a discretionary approval without a public hearing for external remodels additions associated with the single-family residence.
12. **LEGAL NOTIFICATION.** The Director finds that pursuant to Section 22.44.940.F. of the County Code, the community was properly notified of the request for permit by site posting and mail. On June 3, 2025, a total of 11 Notices of Request for Permit were mailed to all property owners as identified on the County Assessor's record within a 500-foot radius from the Project Site, as well as 22 notices to those on the courtesy mailing list for the Malibu Zoned District and to any additional interested parties.

GENERAL PLAN CONSISTENCY FINDINGS

13. **LAND USE POLICY.** The Director finds that the Project is consistent with the goals and policies of the Santa Monica Local Coastal Program Land Use Plan ("LUP"), as exterior remodels and expansion of the footprint to a legal, existing single-family residence is consistent with the RL-40 land use designation. The Director finds that the Project is consistent with the underlying RL-40 land use designation because the exterior remodel and expansion of the footprint are integrally related to the principal

ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265
PAGE 4 OF 7

permitted use (single-family residence), is appropriately designed, is located on existing development, and is consistent with all development standards of the LIP.

14. **GOALS AND POLICES.** The Director finds that the Project is consistent with Policies Regarding Water Quality Goals and Policies, CO-19, which directs new projects to minimize the land disturbance activities of construction and utilize soil stabilization on disturbed areas. The Project proposes no grading with minimal expansion of the footprint to limit landform alteration to the Project Site.
15. **GOALS AND POLICES.** The Director finds that the Project is consistent with Policies Regarding Biological Resources Goals and Policies, CO-44, which directs new development to be sited in a manner that avoids the most biologically sensitive habitat onsite. The Project is designed to avoid any removals or encroachments to native trees or vegetation identified on site.
16. **GOALS AND POLICES.** The Director finds that the Project is consistent with LUP Policies Regarding New Development, including Policy CO-76, which directs new development to minimize grading, alteration of physical features, and vegetation clearance to prevent soil erosion. The Project proposes minimal expansion to the existing footprint with no proposed grading or brush clearance activities.
17. **GOALS AND POLICES.** The Director finds that the Project is consistent with LCP Policy CO-128, which states that new development shall be subordinate to the character of its setting. The Project proposes minimal expansion to the footprint associated with an existing single-family residence. In the immediate vicinity of the Project Site there are other developed parcels containing single-family residences.
18. **GOALS AND POLICES.** The Director finds that the Project is consistent with LCP Policy CO-147, which limits the height of structures above existing grade to minimize impacts to visual resources. Within scenic areas, the maximum allowable height shall be 18 feet above existing or finished grade, whichever is lower. The project proposes no change to the existing height of the existing single-family residence. The house was established and constructed prior to the adoption of the LIP.
19. **GOALS AND POLICES.** The Director finds that the Project is consistent with LCP Policy LU-33, which requires that new development be compatible with the rural character of the area and the surrounding environment. The Project proposes additions to the existing single-family residence that do not deviate from the current Spanish style.

ZONING CODE CONSISTENCY FINDINGS

20. **PERMITTED USE IN ZONE.** The Director finds that the Project is consistent with the R-C-40 zoning classification as expansion of the footprint and external improvements are permitted as accessory use to a principal permitted use (single-family residence)

ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265
PAGE 5 OF 7

in such zone with an ACDP pursuant to County Code Section 22.44.1750. The Project qualifies for the ACDP, as the development is an improvement to a property containing existing development approved pursuant to a valid Los Angeles County building permit and CDP Number 5-90-246, is minimal expansion of the existing residence's footprint, and will not result in any development or impacts within H1 or H2 Habitats. All other applicable standards of the Los Angeles County Zoning Ordinance (Los Angeles County Code, Title 22) would be met.

21. **HEIGHT LIMITS.** The Director finds that the Project is consistent with the standard identified in County Code Section 22.44.1250, as the height of the existing residence, 35 feet, will be maintained and remain the same with the proposed improvements.
22. **GRADING.** The Director finds that the Project is consistent with the standards identified for grading amounts identified in County Code Section 22.44.1260.C.1.b. The Project proposes no grading.
23. **BIOLOGICAL RESOURCES.** The Director finds that the Project is consistent with the biological resource's requirements of County Code Section 22.44.1800. et. seq. The Project is located within H3 Habitat (significantly disturbed and/or developed areas) and H1 Quiet Zone. That said, the development proposed is permitted in the H1 Quiet Zone because the Project is on a lawfully created parcel; provides the landowner minimum, reasonable economic use of the property; the Project cannot avoid H1 Quiet Zone; the maximum feasible width for the Quiet Zone is between the development and the H1 Habitat Buffer; the Project proposes minimal additions that expand the footprint of the existing single-family residence and does not impact the environment; and all feasible mitigation measures have been provided to minimize adverse environmental effects. (22.44.1890.E.12.a-f). Further, because the additions are minimal and does not require new fuel modification or increase the existing fuel modification zone of the residence, it does not require review by either Department of Regional Planning biologist or the ERB, as determined by the Director (County Code Section 22.44.1860 C.2.c). It is also not within a designated Coastal Commission appealable area and does not propose any disturbance or impact to the surrounding environment. Thus, an Administrative Coastal Development Permit is the appropriate entitlement.

COASTAL DEVELOPMENT PERMIT FINDINGS

24. **The Director finds that the proposed development is in conformity with the certified local coastal program.** The Director finds that the Project is proposed minimal additions to an existing, legal single-family residence within H3 Habitat and H1 Quiet Zone but does not require review from the ERB pursuant to 22.44.1860. The Project is integrated with the existing development and minimizes the amount of disturbance that will occur on the Project Site. The Project is consistent with the applicable policies of the Santa Monica Mountains Land Use Plan, the R-C Zone

ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265
PAGE 6 OF 7

development standards, the community-wide development standards, and the area-specific development standards of the LIP.

25. **The Director finds that any development, located between the nearest public road and the sea or shoreline of any body of water located within the coastal zone, is in conformity with the public access and public recreation policies of Chapter 3 of Division 20 of the Public Resources Code.** The Project is not located between the nearest road near the shoreline or the shorelines of any body of water in the coastal zone, nor is the site used for public access or public trails in the vicinity. Therefore, the Project does not need to meet the requirements of Chapter 3 of Division 20 of the Public Resources Code.

ENVIRONMENTAL FINDINGS

26. The Director finds that the Project is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines section 15303 (Class 3 [New Construction or Conversion of Small Structures] categorical exemption). The Project involves the external remodel and additions associated with an existing single-family residence. Although the parcel is near the scenic route of Corral Canyon Road, the Project does not qualify as an exception to exemption because the Project is 450 feet from the route, will not expand the existing residential height which is approximately 35 feet, is within the existing building site area, and proposes minimal expansion of the footprint located in H3 habitat (22.44.2040.A.1) (22.44.2040.A.2). Therefore, the Project is not expected to have any significant effects on the environment.

ADMINISTRATIVE FINDINGS

27. **LOCATION OF DOCUMENTS.** The location of the documents and other materials constituting the record of proceedings upon which the Director's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of Coastal Development Services, Department of Regional Planning.

BASED ON THE FOREGOING, THE DIRECTOR CONCLUDES THAT:

- A. That the proposed development is in conformity with the LCP; and
- B. That the proposed development is in conformity with the public access and public recreation policies of Chapter 3 of Division 20 of the Public Resources Code.

THEREFORE, THE DIRECTOR:

- 1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines section 15303 of the State CEQA Guidelines (Class 3 [New Construction or Conversion of Small Structures] Categorical Exemption); and

2. Approves **ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265**, subject to the attached conditions.

ACTION DATE: July 7, 2025

RG:SS:js
7/7/25

**LOS ANGELES COUNTY
DEPARTMENT OF REGIONAL PLANNING**

**CONDITIONS OF APPROVAL
PROJECT NO. PRJ2025-002201-(3)
ADMINISTRATIVE COASTAL DEVELOPMENT PERMIT NO. RPPL2025002265**

PROJECT DESCRIPTION

The Project is to authorize a 606 square-foot external remodel and expansion of the footprint to the kitchen, dining room, conversion of office into a bedroom, and expansion of the primary closet, associated with an existing single-family residence on a property located at 1401 Corral Canyon Road in the Santa Monica Mountains Coastal Zone subject to the following conditions of approval:

GENERAL CONDITIONS

1. Unless otherwise apparent from the context, the term “permittee” shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
2. This grant shall not be effective for any purpose until the permittee, and the owner of the subject property if other than the permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning (“Regional Planning”) their affidavit stating that they are aware of and agree to accept all of the conditions of this grant. Notwithstanding the foregoing, this Condition No. 2 and Condition Nos. 4, 5, and 8 shall be effective immediately upon the date of final approval of this grant by the County.
3. Unless otherwise apparent from the context, the term “date of final approval” shall mean the date the County's action becomes effective pursuant to Section 22.60.260 of the County Code.
4. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code Section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
5. In the event that any claim, action, or proceeding as described above is filed against the County, the permittee shall within ten days of the filing make an initial deposit with Regional Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to permittee or permittee's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the permittee shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the permittee according to County Code Section 2.170.010.

6. If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
7. Upon any transfer or lease of the property during the term of this grant, the permittee, or the owner of the subject property if other than the permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
8. This grant shall expire unless used within two (2) years from the date of final approval of the grant. A single one-year time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date.
9. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. Inspections may be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. Inspections may be unannounced and may be conducted utilizing any available technologies, including but not limited to, unmanned aircraft systems (UAS).

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$456.00 per inspection, or the current recovery cost at the time any additional inspections are required, whichever is greater.

10. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.238 of the County Code.

11. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of the County Fire Department.
12. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
13. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").

PROJECT SITE SPECIFIC CONDITIONS

14. Grading is not proposed for this project. However, if amended, grading shall be prohibited during the rainy season, defined as October 15 of any year through April 15 of the subsequent year, unless permitted pursuant to the provisions of the Santa Monica Mountains LIP (County Code Section 22.44.1260).
15. Colors and exterior materials used for new development shall be compatible with the surrounding landscape. Acceptable colors shall be limited to earth tones that blend with the surrounding environment, including shades of green, brown, and gray, and no white or light shades, and no bright tones.

RG:SS:js
