Dear City Planning Department,

I am writing to express my strong support for A&I Pallets in their application for a conditional use permit. As a resident and local business owner in Los Angeles, I believe A&I Pallets plays an essential role in our community by advancing sustainable practices and promoting responsible waste management.

A&I Pallets has consistently shown their commitment to minimizing waste and protecting our environment through their recycling efforts. By approving their conditional use permit, the City of Los Angeles has the opportunity to support an initiative that contributes to a cleaner, more sustainable future for both residents and businesses.

Beyond their environmental impact, A&I Pallets provides meaningful job opportunities and supports the local economy. Their continued operation not only benefits the environment but also fosters economic stability by creating jobs and contributing to the growth of the local economy.

Hello Elsa,

I received the notice of public hearing for this pallet yard at 9313-9323 Laurel Street. We were wondering how the Green Zones applies to this site? We have seen pallet yards in the past that have had issues particularly with fires, how is that addressed for this site?

Thank you,
Yanel
