ANALYSIS

A. Land Use Compatibility

The continued operation of a karaoke business with new sale of beer and wine for on-site consumption is compatible with nearby commercial and residential uses. The establishment is located in a large commercial shopping center with other typical commercial uses offering a variety of dining, shopping, and entertainment services. Karaoke entertainment centers are not a specified use under Title 22 of the County Code.

The uses that are most similar to a karaoke facility are other recreational uses such as bowling alleys, billiard halls, or arcades which are all permitted uses in the C-3 zone once a CUP is obtained. The karaoke center and shopping center are compatible with the location's C - Commercial designated land use in the Rowland Heights Community Plan ("Community Plan") and is consistent with the development standards prescribed in the Rowland Heights Community Standards District ("CSD"). The sale of beer and wine for on-site consumption is a permitted use in the C-3 zone once a CUP is obtained. Currently there are 14 other establishments within a 500-foot radius of the subject property that sell alcohol. All 14 establishments sell beer and wine for on-site consumption.

There are no uses within 600 feet of the subject property that are defined as sensitive uses.

B. Neighborhood Impact (Need/Convenience Assessment)

The continued operation of a karaoke facility on the subject property is compatible with the surrounding neighborhood and provides a recreation and entertainment service to the community. The sale of beer and wine for on-site consumption would be an accessory use offered by the establishment and is a customary service common to karaoke parlors. The establishment is located within a large commercial shopping center which is located adjacent to the 60 Pomona Freeway to the north, commercial uses to the east, a golf driving range to the south, and a mobile home community to the west. The shopping center provides the required setback buffer from the neighboring mobile home community as required by the CSD. This setback buffer, along with the location and orientation of the proposed use within the interior of the shopping center ensures that the use will not create a noise nuisance to the surrounding residences.

According to the California Department of Alcoholic Beverage Control ("ABC"), six licenses for alcohol sales for on-site consumption are allowed in the Census Tract where the Project Site is located (Census Tract Number 4082.13), while 29 such licenses are currently active. This indicates that the Project Site is located in an area where there is an overconcentration of alcohol sales as defined and determined by ABC. ABC also indicates that the Project Site is located in a High Crime Reporting District. However, the public convenience of allowing customers to enjoy beer and wine service that accompanies karaoke entertainment outweighs this fact.

C. Design Compatibility

The continued operation of the karaoke center and proposed on-site beer and wine sales does not affect the physical design of the establishment nor of the shopping center. The establishment is located on the second floor of the shopping center and its entrance is oriented towards the shopping center's interior central courtyard.

GENERAL PLAN/COMMUNITY PLAN CONSISTENCY

The Project is consistent with applicable goals and policies of the General Plan and the Community Plan. Consistency findings can be found in the attached Findings (Exhibit C – Findings)

ZONING ORDINANCE CONSISTENCY

The Project complies with all applicable zoning requirements. Consistency findings can be found in the attached Findings (Exhibit C – Findings).

BURDEN OF PROOF

The applicant is required to substantiate all facts identified by Sections 22.158.050 (CUP Findings and Decision) and 22.140.030.F (Alcoholic Beverage Sales Findings) of the County Code. The Burden of Proof with applicant's responses is attached (Exhibit E – Applicant's Burden of Proof). Staff is of the opinion that the applicant has met the burden of proof.

ENVIRONMENTAL ANALYSIS

Staff recommends that this project qualifies for a Categorical Exemption (Class 1 Exemption, Existing Facilities) under the California Environmental Quality Act (CEQA) and the County environmental guidelines. The karaoke center is an existing facility and is not proposing any significant expansion to its operations. The proposal to serve beer and wine for on-site consumption is a complementary service to the establishment's primary use as a karaoke entertainment center. Additionally, the Project Site is not located within or in close proximity to an environmentally sensitive area, a hazardous waste site, a scenic highway, nor a historic resource. There are also no significant or unusual environmental impacts associated with the Project. The size and scope of the Project will not cause any cumulative environmental impacts to the area. Thus, there are no exceptions to the identified exemption. Therefore, staff recommends that the Hearing Officer determine that the project is categorically exempt from CEQA. An environmental determination (Exhibit F – Environmental Determination) was issued for the project.

COMMENTS RECEIVED

A. County Department Comments and Recommendations

1. The County Sheriff's Department, in a letter dated January 5, 2023, recommended approval of the Project.
2. The County Department of Public Health, in a letter dated March 30, 2023, recommended approval of the Project with conditions.

B. Other Agency Comments and Recommendations

California State Department of Alcoholic Beverage Control ("ABC")

Statistical data from ABC report that the subject site is located in a high crime reporting district, defined by having a 20 percent greater number of reported crimes than the average number of reported crimes from all crime reporting districts within the jurisdiction of the local law enforcement agency. The subject property is located in Crime Reporting

District #2931. The average number of offenses reported per district is 76.6 and the total number of crimes reported for District #2931 is 378.

The subject property lies within Census Tract 4082.13. There are currently 29 existing on-site alcohol licenses in this Census Tract and six licenses are normally allowed. Therefore, there is an undue concentration of on-site alcoholic beverage licenses existing within the Census Tract per ABC's statistics.

C. Public Comments

1. The Rowland Heights Community Coordinating Council, in a letter dated November 17, 2022, voted to approve the Project.
2. Staff has received a petition containing 56 signatures in support of the Project.

DEPARTMENT OF REGIONAL PLANNING
FINDINGS OF THE HEARING OFFICER
AND ORDER
PROJECT NO. PRJ2022-001583-(1)
CONDITIONAL USE PERMIT NO. RPPL2022004641

RECITALS

1. **HEARING DATE(S).** The Los Angeles County ("County") Hearing Officer conducted a duly-noticed public hearing in the matter of Conditional Use Permit ("CUP") No. **RPPL2022004641** on June 20, 2023.
2. **HEARING PROCEEDINGS.** *Reserved.*
3. **ENTITLEMENT REQUESTED.** The permittee, Bobby Liu ("permittee"), requests the CUP to authorize the continued operation of an existing karaoke center ("Melody Group") with fourteen (14) entertainment rooms and new sale of beer and wine for on-site consumption ("Project") located in an existing commercial shopping center at 18888 Labin Court, C201 in the unincorporated community of Rowland Heights ("Project Site") in the C-3-BE (General Commercial – Billboard Exclusion) zone pursuant to Los Angeles County Code ("County Code") Section 22.20.030.C (Land Use Regulations for Commercial Zones).
4. **PREVIOUS ENTITLEMENT(S).** CUP No. 201200073, approved November 6, 2012, authorized the karaoke center with 15 entertainment rooms. A condition modification application was denied on November 17, 2015, to expand the karaoke center from 15 entertainment rooms to 26 entertainment rooms with no additional square footage being proposed. CUP no. 2017005530 was a proposal to expand the karaoke center from 15 entertainment rooms to 26 entertainment rooms and add an additional 2,700 square feet, but was withdrawn on April 23, 2018. For the shopping center itself, Plot Plan No. 200800405, approved July 23, 2009, authorized the construction of the shopping center. Plot Plan No. 201000980, approved March 7, 2012, authorized the construction of a new four-level parking structure to provide a total of 618 parking spaces. Plot Plan No. 201500292, July 26, 2016, authorized an updated parking plan with 386 surface parking spaces and 244 parking spaces within the parking structure, for a total of 630 parking spaces.
5. **LAND USE DESIGNATION.** The Project Site is located within the C – Commercial land use category of the Rowland Heights Community Plan ("Community Plan") Land Use Policy Map, a component of the General Plan.
6. **ZONING.** The Project Site is located in the Puente Zoned District and is currently zoned C-3-BE. Pursuant to County Code Section 22.20.030.C (Land Use Regulations for Commercial Zones), a CUP is required for recreational uses and on-site beer and wine sales.

7. SURROUNDING LAND USES AND ZONING

LOCATION	COMMUNITY PLAN LAND USE POLICY	ZONING	EXISTING USES
NORTH	I (Industrial)	M-1.5-BE (Restricted Heavy Manufacturing - Billboard Exclusion)	SR-60 (Pomona) Freeway, Motel, Shopping Center

WEST	U3 (Urban 3 - 6.1 to 12.0 dwelling units per gross acre)	R-3-12U (Limited Density Multiple Residence - 12 Dwelling Units per Acre)	Mobile Home Community

8. PROJECT AND SITE PLAN DESCRIPTION.

A. Existing Site Conditions

The Project Site is 6.01 acres in size and consists of one legal lot. The Project Site is rectangular in shape with flat topography and is developed with a multi-tenant shopping center.

B. Site Access

The Project Site is accessible via Labin Court to the east. Primary access to the Project Site will be via an entrance/exit on Labin Court. There is no secondary access point to the Project Site.

C. Site Plan

The site plan depicts the subject establishment located in a 7,180 square-foot tenant space on the second floor of a multi-tenant shopping center. The entrance to the establishment is oriented towards the shopping center's interior central courtyard. Vehicular access to the property is via a driveway off of Labin Court. The floor plan depicts the establishment's interior layout including fourteen (14) karaoke entertainment rooms, storage rooms, restrooms, and a kitchen area for preparing sandwiches, snacks, and other fast food items.

D. Parking

The Project Site provides a total of 630 parking spaces (386 surface parking spaces and 244 parking spaces within the parking structure) as approved under Plot Plan

No. 201500292. Entertainment uses require three parking spaces per 3 occupants. The Project has an occupancy load of 234 persons requiring 78 parking spaces. The shopping center's existing 630 parking spaces can accommodate these 78 parking spaces.

9. CEQA DETERMINATION.

Prior to the Hearing Officer's public hearing on the Project, LA County Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the continued operation of an existing karaoke center and is not proposing any significant expansion to its operations. The proposal to serve beer and wine for on-site consumption is a complementary service to the establishment's primary use as a karaoke entertainment center. Additionally, the Project Site is not located within or in close proximity to an environmentally sensitive area, a scenic highway, a hazardous waste site, nor a historical resource. There are also no significant or unusual environmental impacts associated with the Project. The size and scope of the Project will not cause any cumulative environmental impacts to the area. Thus, there are no exceptions to the identified exemption.

- 10. COMMUNITY OUTREACH.** In May 2023, prior to the Hearing Officer's public hearing on the Project, the permittee collected a petition containing 56 signatures from local businesses who support the Project. The local businesses that were solicited are located on the west side of Nogales Street from Labin Court to Colima Road.

11. PUBLIC COMMENTS.

Prior to the publication of the Report to the Hearing Officer, the Department of Regional Planning ("LA County Planning") staff received a petition containing 56 signatures in support of the Project.

Rowland Heights Community Coordinating Council

The Rowland Heights Community Coordinating Council, in a letter dated November 17, 2022, voted to approve the Project.

12. AGENCY RECOMMENDATIONS.

- A. Los Angeles County Sheriff's Department: Recommended approval in a letter dated January 5, 2023.
- B. County Department of Public Health: Recommended clearance to public hearing with conditions in a letter dated March 30, 2023.

- 13. LEGAL NOTIFICATION.** Pursuant to Section 22.222.120 (Public Hearing Procedure) of the County Code, the community was properly notified of the public hearing by mail, newspaper (*San Gabriel Valley Tribune*, *La Opinion*), and property posting. Additionally, the Project was noticed and case materials were available on LA County Planning's website. On May 18, 2023, a total of 21 Notices of Public Hearing were

mailed to all property owners as identified on the County Assessor's record within a 500-foot radius from the Project Site, as well as 11 notices to those on the courtesy mailing list for the Puente Zoned District and to any additional interested parties.

GENERAL PLAN CONSISTENCY FINDINGS

14. **LAND USE POLICY.** The Hearing Officer finds that the Project is consistent with the goals and policies of the of the Community Plan because the C - Commercial is intended for retail commercial, service, and office uses, categories into which this Project falls. The Hearing Officer further finds that the Project promotes a commercial entertainment activity that is compatible with the commercial shopping center where the establishment will be located.

15. **GOALS AND POLICIES.** The Hearing Officer finds that:

- *(Policy LU 5.2) Encourage a diversity of commercial and retail services, and public facilities at various scales to meet regional and local needs.*

The Project provides a social and recreational space for karaoke, giving a distinctive commercial recreational activity for singing entertainment in the neighborhood.

The following policies of the Community Plan are applicable to the proposed project:

- *(Land Use Policy 8.f) New commercial uses shall be sensitive to neighboring uses.*

The project has been evaluated to minimize impacts to any neighboring uses adjacent to the shopping center property. The entrance to the business is oriented towards the central courtyard of the property and does not face any neighboring properties. The Project's draft conditions will limit the hours of operation to up to 12:00 a.m. (midnight), seven days a week and no noise associated from the establishment shall be audible from the nearest residential uses to the west.

- *(Land Use Policy 8.g) All businesses in a center (three establishments or more) should present a general harmony of facades.*

The establishment's façade and signage are compatible with the shopping center's signage and façades.

ZONING CODE CONSISTENCY FINDINGS

16. **PERMITTED USE IN ZONE.** The Hearing Officer finds that the Project is consistent with the C-3 zoning classification. Although karaoke centers are not a specified use under County Code, similar entertainment uses such as bowling alleys, billiard halls, and arcades are permitted in such zone with a CUP pursuant to County Code Section 22.20.030 C (Land Use Regulations for Commercial Zones).

17. **PARKING.** The Hearing Officer finds that the Project is consistent with the standard identified in County Code Section 22.112.060 (On-Site Parking). Entertainment uses require three parking spaces per 3 occupants. The Project has an occupancy load of

234 persons requiring 78 parking spaces. The shopping center's existing 630 parking spaces can accommodate these 78 parking spaces .

18. **ROWLAND HEIGHTS COMMUNITY STANDARDS DISTRICT ("CSD").** The Hearing Officer finds that the Project is consistent with the standards identified in County Code Section 22.332 (Rowland Heights Community Standards District). The existing shopping center was approved under Plot Plan No. 200800405 and abides to the CSD development standards. The Project does not propose any physical alterations to the existing shopping center. The shopping center's freestanding signs and business signs abide to the required CSD standards of area and height. The shopping center abides to all required minimum setbacks and the Project does not alter existing setbacks. The Project does not interfere with required landscaping. The Project does not propose any new structures and does not require new setbacks to buffer the Project from any nearby residential zones. The Project does not add any additional height to the existing shopping center structure.

CONDITIONAL USE FINDINGS

19. **The Hearing Officer finds that the proposed use at the site will not adversely affect the health, peace, comfort, or welfare of persons residing or working in the surrounding area; will not be materially detrimental to the use, enjoyment, or valuation of property of other persons located in the vicinity of the site; and will not jeopardize, endanger, or otherwise constitute a menace to the public health, safety, or general welfare.** The Project is located in a large, multi-tenant shopping center which serves as a commercial retail, restaurant, and entertainment hub for the community. The subject establishment itself is located within the shopping center with its front entrance facing the center's interior courtyard and away from neighboring properties. The establishment's location within the shopping center, along with the CUP conditions, will ensure that the Project will not have an adverse effect on neighboring properties.
20. **The Hearing Officer finds that the proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.** The shopping center was constructed in compliance with the development standards prescribed under Title 22 of the County Code as approved under Plot Plan no. 200800405 and as approved under the shopping center's four-level parking structure under Plot Plan no. 201000980 and subsequent parking plan update approved under Plot Plan no. 201500292. The Project's size and shape can be accommodated by the existing shopping center and the Project's 78 required parking spaces can be accommodated by the property's existing 630 parking spaces.
21. **The Hearing Officer finds that the proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.** The Project site and shopping center are served by existing public streets and utilities, including electricity, gas, water, and

sewer. Nogales Street, a 100-foot-wide major highway, serves the Project Site off of Labin Court.

SUPPLEMENTAL FINDINGS - ALCOHOLIC BEVERAGE SALES

22. **The Hearing Officer finds that the requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.** The Project Site is not located within a 600-foot radius of any of these sensitive uses.
23. **The Hearing Officer finds that the requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity, so as not to adversely affect said area.** The establishment's entrance is oriented towards the center's central courtyard and faces away from the adjacent mobile home park community to the west.
24. **The Hearing Officer finds that the requested use at the proposed location will not adversely affect the economic welfare of the nearby community.** The sale of alcoholic beverages for on-site consumption is a typical and ancillary service for a karaoke business.
25. **The Hearing Officer finds that the exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood, so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood.** The Project is an existing use and the Project scope does not include any proposed changes to the existing exterior appearance of the establishment. The Project is located in a tenant space of an existing shopping center.
26. **The Hearing Officer finds that even though the proposed sale of alcohol would occur at a site within a high crime reporting district or in an area of undue concentration, pursuant to the California Alcoholic Beverage Control Act and the regulations adopted under that Act, or that the use selling alcoholic beverages for off-site consumption is proposed within a 500-foot radius of another use selling alcoholic beverages for off-site consumption, the sale of alcohol at the subject property contributes to the public convenience or necessity.** The Project will allow the continued operation of an existing karaoke business with new on-site beer and wine service to enhance the entertainment experience for customers. According to California Department of Alcoholic Beverage Control ("ABC"), six licenses for alcohol sales for onsite consumption are allowed in the Census Tract where the Project Site is located (Census Tract Number 4082.13), while 29 such licenses are currently active. This indicates that the Project Site is located in an area with an overconcentration of alcohol sales as defined and determined by ABC. ABC further indicates that the Project Site is located in a High Crime Reporting District. However, the public convenience of allowing customers to enjoy beer and wine service that accompanies karaoke entertainment outweighs this fact. The establishment also offers non-alcoholic beverages, sandwiches, snacks, and other light food items to accompany their karaoke service.

27. The Hearing Officer finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the CUP to 10 years.

ENVIRONMENTAL FINDINGS

28. The Hearing Officer finds that the Project is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines section 15301 (Class 1, Existing Facilities categorical exemption). The Project involved the continued operation of an existing karaoke center and is not proposing any significant expansion to its operations. The proposal to serve beer and wine for on-site consumption is a complementary service to the establishment's primary use as a karaoke entertainment center. Additionally, the Project Site is not located within or in close proximity to an environmentally sensitive area, a hazardous waste site, nor designated historic district. There are also no significant or unusual environmental impacts associated with the Project. The size and scope of the Project will not cause any cumulative environmental impacts to the area. Thus, there are no exceptions to the identified exemption.

ADMINISTRATIVE FINDINGS

29. **LEGAL NOTIFICATION.** The Hearing Officer finds that pursuant to Sections 22.222.120, Public Hearing Procedure, of the County Code, the community was properly notified of the public hearing by mail, newspaper (*San Gabriel Valley Tribune*, *La Opinion*), and property posting. Additionally, the Project was noticed and case materials were available on LA County Planning's website. On May 18, 2023, a total of 21 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 500-foot radius from the Project Site, as well as 11 notices to those on the courtesy mailing list for the Puente Zoned District and to any additional interested parties.

30. **LOCATION OF DOCUMENTS.** The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer's decision is based in this matter is at LA County Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Puente Whittier Development Services Section, LA County Planning.

BASED ON THE FOREGOING, THE HEARING OFFICER CONCLUDES THAT:

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features

prescribed in Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.

- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.
- E. The requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius.
- F. The requested use at the proposed location is sufficiently buffered in relation to any residential area within the immediate vicinity, so as not to adversely affect said area.
- G. The requested use at the proposed location will not adversely affect the economic welfare of the nearby community.
- H. The exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood, so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood.
- I. Even though the proposed sale of alcohol would occur at a site within a high crime reporting district or in an area of undue concentration, pursuant to the California Alcoholic Beverage Control Act and the regulations adopted under that Act, the sale of alcohol at the subject property contributes to the public convenience or necessity.

THEREFORE, THE HEARING OFFICER:

- 1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines section 15301 (Class 1, Existing Facilities categorical exemption); and
- 2. Approves **CONDITIONAL USE PERMIT NO. RPPL2022004641**, subject to the attached conditions.

The project is to authorize the continued operation of an existing karaoke center ("Melody Group") with fourteen (14) entertainment rooms, and new sales of beer and wine for on-site consumption located in an existing commercial center subject to the following conditions of approval:

GENERAL CONDITIONS

1. Unless otherwise apparent from the context, the term "permittee" shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
2. This grant shall not be effective for any purpose until the permittee, and the owner of the subject property if other than the permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning ("LA County Planning") their affidavit stating that they are aware of and agree to accept all of the conditions of this grant, and that the conditions of the grant have been recorded as required by Condition No. 6, and until all required monies have been paid pursuant to Condition No. 9. Notwithstanding the foregoing, this Condition No. 2 and Condition Nos. 3, 4, and 8 shall be effective immediately upon the date of final approval of this grant by the County.
3. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
4. In the event that any claim, action, or proceeding as described above is filed against the County, the permittee shall within ten days of the filing make an initial deposit with LA County Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in LA County Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to permittee or permittee's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the permittee shall deposit additional funds sufficient to bring

the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the permittee according to County Code Section 2.170.010.

5. If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
6. Prior to the use of this grant, the permittee, or the owner of the subject property if other than the permittee, shall **record the terms and conditions** of the grant in the office of the County Registrar-Recorder/County Clerk ("Recorder"). In addition, upon any transfer or lease of the property during the term of this grant, the permittee, or the owner of the subject property if other than the permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
7. **This grant shall terminate on June 20, 2333.** Entitlement to use of the property thereafter shall be subject to the regulations then in effect. If the permittee intends to continue operations after such date, whether or not the permittee proposes any modifications to the use at that time, the permittee shall file a new Conditional Use Permit application with LA County Planning, or shall otherwise comply with the applicable requirements at that time. Such application shall be filed at least twelve months prior to the expiration date of this grant and shall be accompanied by the required fee. In the event that the permittee seeks to discontinue or otherwise change the use, notice is hereby given that the use of such property may require additional or different permits and would be subject to the then-applicable regulations.
8. This grant shall expire unless used within ninety (90) days from the date of final approval of the grant. A single thirty (30) day time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date. For the purposes of this provision, continued operation of the karaoke center and satisfaction of Condition No. 2 shall be considered use of this grant.
9. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. No provision of any easement of any other encumbrance on the property shall exempt the permittee and/or property owner from compliance with these conditions and applicable regulations. Inspections shall be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The permittee shall deposit with the County the sum **\$1,000.00**, which shall be placed in a performance fund and be used exclusively to reimburse LA County Planning for all expenses incurred while inspecting the premises to determine

the permittee's compliance with the conditions of this grant. The fund provides for five (5) inspections. Inspections may be unannounced and may be conducted utilizing any available technologies, including, but not limited to, unmanned aircraft systems (UAS).

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse LA County Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$200.00 per inspection, or the current recovery cost established by LA County Planning at the time any additional inspections are required, whichever is greater.

10. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.238 of the County Code.

14. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
15. All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by LA County Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 48 hours of such

notification, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

16. The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A." If changes to any of the plans marked Exhibit "A" are required as a result of instruction given at the public hearing, a modified Exhibit "A" shall be submitted to LA County Planning by **August 20, 2023**.
17. In the event that subsequent revisions to the approved Exhibit "A" are submitted, the permittee shall submit revised plans to the Director for review and approval. All revised plans must substantially conform to the originally approved Exhibit "A". All revised plans must be accompanied by the written authorization of the property owner(s) and applicable fee for such revision.

- ii. The requested use is a specialty retailer with a unique product mix that requires a greater allocation of shelf space to alcoholic beverages than would be the case for a general purpose retailer; or
- iii. The requested use involves the relocation of a use that was not previously subject to the alcoholic beverage shelf space limitation provided in Section 22.140.030.E.1, above, and the new location will allocate less shelf space to alcoholic beverages than was the case at the previous location.

PROPOSED ENVIRONMENTAL DETERMINATION

DETERMINATION DATE: June 8, 2023
PROJECT NUMBER: PRJ2022-001583-(1)
PERMIT NUMBER(S): CUP RPPL2022004641
SUPERVISORIAL DISTRICT: 1
PROJECT LOCATION: 18888 Labin Court, C201, Rowland Heights
OWNER: Rowland Ranch Pearl of the East
APPLICANT: Bobby Liu
CASE PLANNER: Steve Mar, Regional Planner
smar@planning.lacounty.gov

Los Angeles County ("County") completed an initial review for the above-mentioned project. Based on examination of the project proposal and the supporting information included in the application, the County proposes that an Exemption is the appropriate environmental documentation under the California Environmental Quality Act (CEQA). The project qualifies as a Class 1, Existing facilities Categorical Exemption under State CEQA Guidelines Section 15301 because the Project involved the continued operation of an existing karaoke center and is not proposing any significant expansion to its operations. The proposal to serve beer and wine for on-site consumption is a complementary service to the establishment's primary use as a karaoke entertainment center and does not significantly expand its entertainment operations nor its snack and non-alcoholic beverage service. Additionally, the Project Site is not located within or in close proximity to an environmentally sensitive area, a hazardous waste site, nor designated historic district. There are also no significant or unusual environmental impacts associated with the Project. The size and scope of the Project will not cause any cumulative environmental impacts to the area. Thus, there are no exceptions to the identified exemption.

Subject: Conditional Use Permit (CUP) Consultation for Sale of Alcohol
Project No.: PRJ2022-001583-(1)
Permit No.: CUP RPPL2022004641
Establishment: Melody Group (karaoke establishment)
Location: 18888 Labin Court, C201, Rowland Heights
Description: The applicant is requesting a CUP to authorize the continued operation of an existing karaoke center ("Melody Group") with new on-site beer and wine sales located in a commercial shopping center in the C-3-BE (General Commercial – Billboard Exclusion) Zone.

(1) Summary of service calls and crime history for the project site over the last five years:

Please provide a summary of service calls and crime history for the project site over the last five years. Provide the total number of service calls, and summarize the types of calls (violent crimes by type, property crimes by type, other activities, etc.). When providing a CFS (Call for Service)/Incident Event report, please provide a redacted version. *(These documents are kept in our case files and are subject to public records act requests.)*

The location has been a consistent source of property crime calls since its inception. The locations contained within have had several violations from LA County Regional planning as well as ABC.

(2) Comments/recommended conditions:

Please provide any comments or recommend conditions of approval you feel are necessary to maintain public safety at the project site.

This location is located next to a Motel 6. The motel has been a consistent source of narcotic and criminal activity. The adjacent rear open space lot has large transient activity which has resulted in thefts from the four-story parking lot assigned to the property. We recommend that the locations have quality security cameras installed inside and outside facing the parking lot. Those cameras need to have recorders so the footage can be recovered when requested by law enforcement for evidence. The location is also adjacent to the 60 freeway which could make it a target for burglaries and robberies. We recommend burglary and robbery alarms. We

also recommend that if the locations are used in a night club or bar setting in the later hours that a security guard be hired for those evenings.

(3) Overall recommendation:

☒ Sheriff recommends approval of this CUP.

☐ Sheriff does NOT recommend approval of this CUP.
